14 In accordance with the provisions of the above referenced contract, the parties to that contract agree that the services to be performed by the contractor under the contract are amended as follows: All other terms and conditions of the contract remain in effect. (Use reverse for continuation of amended provisions if necessary)

The purpose of this contract amendment is to recognize that the Department is in agreement with GEO on eliminating one (1) night monitor staff position at the Tundra Center. This amendment deducts \$35,285.00 from the contract total to account for the new pricing structure eliminating one (1) night monitor staff position. See also attached spreadsheet (1 page). This amendment provides GEO with a written waiver, waiving the requirement of three (3) night security monitors to two (2) on the graveyard shift. GEO shall still be responsible to provide minimum of three (3) security monitors on all remaining shifts except the graveyard shift. This amendment will be effective July 1, 2017 to ensure a smooth transition to the new rates. Total number of pages in this amendment is 3. *All other terms and conditions remain unchanged.*

In full consideration of the contractor's performance under and including this amendment, the State shall pay the contractor a new total not to exceed **\$19,861,563.96**.
The period of performance under this contract has not changed.
IN WITNESS WHEREOF the parties hereto have executed this amendment.
