## **The Payment Assistance Program**

This booklet provides information about the Pioneer Home Payment Assistance Program. A resident applying for Payment Assistance shall also apply for Medicaid and any other state or federal programs that may reduce the amount of state assistance required (Alaska Statute 47.55.020(e)). Medicaid may assist with the payment of medical expenses that are not covered under the Payment Assistance Program.

The resource limitation for the Payment Assistance Program is \$98,000 for a resident with a spouse living in the community and \$10,000 per individual if there is no spouse or the spouse also lives in a care facility.

Along with the application for Payment Assistance the resident or the personal representative must submit proof of Medicare coverage Part A (hospital), Part B (medical), and Part D (prescription drug) or equivalent medical insurance coverage from another provider (Alaska Statute 47.55).

There is a separate application process for Medicaid benefits. Please consult the Alaska Division of Public Assistance for further information about Medicaid benefits and resource limitations. Contact information for the Alaska Division of Public Assistance is at the end of this booklet.

If resources or income changes, an applicant or resident on the Payment Assistance Program must inform the Pioneer Homes as soon as possible. - Other real and personal property, both tangible and intangible, with a total value for both real and personal property of not more than \$98,000;
