Volume 16, Issue 4

Greetings from the Administrator

Please help me welcome John West to our KPH Maintenance crew. John will serve as the new Foreman and head of our environmental services department. Both John and Lance have been working hard to help get some clutter cleared and some spring cleaning taken care of, especially with the beautiful weather. We are also very thankful to the volunteers from the KARR house who helped clean and wash both of our vans. They were deeply in need of some TLC and we really appreciate the hard work and volunteer hours.

If you get a chance to thank the members of our KPH Foundation please take a minute to do so as they have been long time advocates of our elders and have been working hard to help us fund some new equipment and projects for the elders that cannot be funded through the State budget process. We are looking forward to some new color in the gardens and some new paint on the walls thanks to some of their fundraising efforts.

I also wanted to express a great big thank you to the Peace Health Ketchikan Medical Team and CAO, Ed Freysinger and Jennifer Kolanko for continuing to spearhead the project of specialized wheelchairs for individuals in the community. The project has long been in the making but their continued partnership and advocacy on behalf of individuals with mobility challenges is very much appreciated and we hope to have our first KPH residents fitted for more specialized chairs by early summer. Thank you PHKMC!
