Learn the core foundations of the 3M Model - Modeling, Mentoring & Monitoring.

October 7, 1:00 - 4:30 PM
October 8, 9:00 - 4:30 PM

Pre-Conference Session Strand B October 8

The FASD Waiver: Technical Elements for Supervisors & Administrators

Work with State of Alaska Dept. of Health and Social Services staff to develop a working knowledge of the FASD Waiver, including requirements under the provider agreement.

October 8, 9:00 - 4:30 PM

DIANE V. MALBIN, M.S.W., KEYNOTE SPEAKER

Ms. Malbin is the Executive Director of FASCETS, a private non-profit organization that provides diagnostic services, consultation, training, and program development on FASD and related issues for parents and professionals locally, nationally, and throughout Canada. Research findings of improved outcomes for people with FASD based on her work have been presented nationally and internationally.

Thursday and Friday our agenda will include Ms. Malbin's Keynote addresses, "What Distinguishes a Neurobehaviorally-Informed System of Care from Standard Practice?" and "Establishing and Sustaining Informed Systems of Care for People with Brain-Based Conditions." Breakout sessions will include, but are not limited to, presentations on Fetal Alcohol Spectrum Disorder (FASD) 201, FASD Diagnostics, Building Family Teams, and Rural/Alaska Village Delivery Services.

*****October 9 - 10, 8:30 - 4:30*****
