Alaska Statute 47.33.030 requires that an Assisted Living Home shall promptly deposit advance payments in a designated trust account in a financial institution, separate from other money and property of the home, and provide the resident (or the resident's representative) with the name and address of the depository in which the advance payment money is being held. The home shall provide the resident (or the resident's representative) with the terms and conditions under which advance payment money may be withheld by the assisted Living Home.
