

## Certification & Licensing

# Assisted Living Home Info

The Division of Health Care Services, Residential Licensing Program, invites you to join the Assisted Living Home Community Forum Webinars.

The Assisted Living Home Licensing staff would like your input and discussion on a variety of topics as they relate to the Assisted Living Home regulations. Regulations are currently being reviewed for possible revision to ensure that the health, safety and welfare of all staff and residents in assisted living homes is protected. During the review process, we would like your ideas and suggestions how we can, together, ensure each resident receives the quality of care he or she deserves.
