When should a child have a Developmental Screening and where can they get one?

There are resources for a family or child care provider to obtain Developmental Screenings and early intervention services under Part C of IDEA for children receiving Child Care and Development Funds who may be at risk for cognitive or other developmental delays (which may include social, emotional, physical, or linguistic delays), or any child. The following lists the Developmental Screening recommendation intervals and where to refer children who are infants, toddlers and preschoolers.

Infants

Screenings can be at all or any of the following intervals: two months; four months; six months; eight months; nine months; 10 months; and 12 months.

Who provides: The Early Intervention/Infant Learning Program (ILP) is the Lead Agency in Alaska for Developmental Screenings for age's birth to three. The ILP's procedures for providing information on Developmental Screenings, per the Early and Period Screening Diagnosis, and Treatment program under Medicaid, and referring providers and families, as well as reports and outcomes, are listed on their website: <http://dhss.alaska.gov/dsds/Pages/infantlearning/default.aspx>

Toddlers

Screenings can be at all or any of the following intervals: 14 months; 16 months; 18 months; 20 months; 22 months; 24 months; 27 months; 30 months; 33 months; and 36 months.

Who provides: The Early Intervention/Infant Learning Program (ILP) is the Lead Agency in Alaska for Developmental Screenings for age's birth to three. The ILP's procedures for providing information on Developmental Screenings, per the Early and Period Screening Diagnosis, and Treatment program under Medicaid, and referring providers and families, as well as reports and outcomes, are listed on their website: <http://dhss.alaska.gov/dsds/Pages/infantlearning/default.aspx>

Family and Child Care Provider State Resource List

Pre-schoolers

Screenings can be at all or any of the following intervals: 42 months; 48 months; 54 months; and 60 months.

Who provides: The Alaska Department of Education and Early Development is the Lead Agency for developmental screening of pre-school and school age children. <https://education.alaska.gov/tls/sped/>.

For Developmental Screening services available under section 619 of the Individuals with Disabilities Education Act (IDEA):
