In response to a request from authorized WIC vendors, Texsun brand Ruby Red Grapefruit Juice (in 46 oz. cans) is being authorized as an allowable WIC item in Alaska. Unfortunately, it was not approved in time to be included on the new food lists that were recently distributed, (effective date of March 1, 2007).

We will add this juice to the Food List the next time it is reprinted. Until then, please note that this is an approved item on copies of the WIC Food List as you distribute them to participants. You may also post the attached flyer in a location where it is visible to staff and WIC participants.

The State Agency is also sending the flyer to authorized WIC vendors. If you have any questions, please contact Diane VanEpps at (907) 465-4704.
