SUBJECT: **Alaska WIC State Approved Non-Contract Formula List Revision 9/07**

There are approximately 343 USDA WIC approved formulas. Approximately 20 to 25 formula types are often requested by Alaska medical providers for WIC clients needing them because of documented serious medical diagnoses.

The Alaska WIC State Approved Non-Contract Formula List Revision 9/07 includes the most frequently requested, exempt infant formulas and medical foods, based on the Enteral Nutrition Prescription Request (ENPR) database. The purpose in revising the list is to incorporate the new contract formula products Similac Advance, Similac Isomil Advance and Similac Sensitive.

The revised list excludes all of the Enfamil infant formulas, except for Enfamil Gentlease Lipil, and it includes Similac Sensitive R.S.

If you have any questions, please contact Janelle Gomez at Janelle_Gomez@alaska.gov or 907-269-8446.
