

Hi Everyone,

The State WIC Office will be closed on Thursday, October 18, in celebration of Alaska Day. Dana and I will be out of the office on Friday as well. Becky is acting WIC Program Director in my absence.

Take care,
Kathleen

1. Family Information Form---Attached is an updated Family Information Form that should replace all older forms to date. Please contact Dana Kent @ 465-5322 if you have questions.“
2. AK WIC P&P Survey---Alaska WIC policy is to prescribe powder formulas for infants. If we remove vendor minimum stock requirements for concentrates, do you anticipate any sort of hardship for your clients? For C stores the new minimum stock will state: **Exempt, unless requested by local agency, then vendor must stock within 10 days.** Please contact Dana.Kent@alaska.gov with your answer.

Nice To Know:

Subject: Ketocal Webinar: Parents and Health Care Professionals!

Announcing Two Upcoming Keto Webinars!

Please share feel free to share with your colleagues and WIC Clinics.....

1) Designed for parents considering the diet, the Carson Harris Foundation is hosting "**Frequently Asked Questions About Dietary Therapy: A Parent's Perspective**" on **Wednesday October 17th at 7PM EST**. Registration is required for this webinar and interested attendees can register by clicking this link: <https://carsonharrisfoundation.ilinc.com/register/yhhymts> Please encourage your HCPs to share this with their parents. There are no CEU credits for this webinar. While this is short notice, a recording will be made available after the live event.

2) Webinar # 2 is for HCPs. "**Blood Ketone Testing in Managing the Ketogenic Diet**" with Denise Potter from University of Michigan Hospitals and Kelly Urbanik from Arnold Palmer is scheduled for **Tuesday, October 30th at 1PM EST**. Denise will review literature on the topic and she and Kelly will present case studies from their experience. Interested attendees should register here: <https://nutricia.webex.com/nutricia/onstage/g.php?t=a&d=669060947>. **CEU credits will be given for this webinar.**

Thank you,

Michelle Murray RD LD
