2011 YOUTH RISK BEHAVIOR SURVEY

Alaska Traditional High School Survey

Sample Description:

School Level - All regular public schools containing grades 9, 10, 11, or 12 with enrollments of ten or more were included in the sampling frame. Schools were selected systematically with probability proportional to enrollment in grades 9 through 12 using a random start. 43 schools were sampled. One of the sampled schools was ineligible.

Response Rates:

Class Level - All classes meeting during a particular period of the day were included in the sampling frame. Systematic equal probability sampling with a random start was used to select classes from each school that participated in the survey.

Response Rates:

Schools - 95% 40 of 42 sampled schools participated
Students - 65% 1,331 of the 2,031 sampled students submitted questionnaires.
1,327 questionnaires were usable after data editing.
Overall response rate - $95\% * 65\% = 62\%$

Special Note:

Because the overall response rate equaled or exceeded the 60% threshold, the data were weighted and are representative of the entire student body.

2011 YOUTH RISK BEHAVIOR SURVEY

Alaska Alternative High School Survey

Sample Description:

School Level - Sixteen alternative high schools in Alaska (excluding correspondence schools) were selected based on criteria that they served students who were disproportionately at risk youth who have been unsuccessful in traditional school settings.

Class Level - All classes in the eligible schools were surveyed.

Response Rates:

Schools - 100% 16 of 16 sampled schools participated.

Students - 65% 970 of the 1,489 sampled students submitted questionnaires.

Overall response rate - $100\% * 65\% = 65\%$

Because the overall response rate equaled or exceeded the 60% threshold, the data were weighted to be representative of the entire statewide alternative schools student body.

Special Note:

Because all possible sample units (selected classes) were surveyed, there are no confidence intervals.

District	School	Surveys	Class Enrollment	Response Rate
SUMMARY		970	1489	65%
Anchorage School District	Avail School	29	65	45%
Anchorage School District	Benson Secondary/S.E.A.R.C.H.	45	161	28%

There were 47 students who were excluded from the analysis.

N = number of students.

Alaska Native includes Alaska Native or American Indian alone or in combination with other races or ethnicity.

Blank cells indicate that confidence intervals were not generated either due to small sample sizes (less than 100 students) or, uniform responses where the number of students was 100 or more.

* Non-Hispanic
