From time to time the State of Alaska conducts other surveys to collect information that will help us improve our programs and services. May we call you in the future to collect more information on health-related topics?

This means we might call you back within the next year, or invite you to some focus groups in your area. Of course, you can always refuse to participate in future surveys.

May I please have your first name, nickname, or initials, so that we know who to ask for?

May we email you in the future to collect more information on health-related topics?

May I please have your email address?
