2013 YOUTH RISK BEHAVIOR SURVEY

Alaska Statewide Alternative High School Survey

Sample Description:

School Level - There were 16 alternative schools selected for the statewide alternative sample. These schools were selected based on criteria that they served students who were disproportionately at risk youth who have been unsuccessful in traditional school settings.

Class Level - All classes in the eligible schools were surveyed.

Response Rates:

Schools - 100% 16 of 16 sampled schools participated.

Students - 61% 818 of the 1332 sampled students submitted questionnaires.

Overall response rate - $100\% * 61\% = 61\%$

Note:

Because the overall response rate equaled or exceeded the 50% threshold established for schools that administer surveys to all of their students, the data were weighted and are representative of the entire student body. Confidence intervals are generated for weighted data where the number of responses is greater than or equal to 30 and collected from more than a single classroom unit.

District	School	Surveys	Class Enrollment	Response Rate
SUMMARY		818	1332	61%
Anchorage	AVAIL School	43	81	53%
Anchorage	Benson	92	201	46%
Anchorage	Crossroads School	7	26	27%
Anchorage	S.A.V.E. High School	97	150	65%
Delta/Greely	New Horizons High	16	19	84%
Juneau Borough	Yaakoosge Daakahidi	51	74	69%
Kenai Peninsula Borough	Homer Flex School	25	41	61%
Kenai Peninsula Borough	Kenai Alternative High	44	69	64%
Ketchikan Gateway	Revilla Jr/Sr High School	76	91	84%
Lower Kuskokwim	Kuskokwim Learning	37	43	86%
North Slope Borough	Kiita Learning	43	68	63%
Mat-Su Borough	American Charter	39	54	72%
Mat-Su Borough	Burchell High School	93	192	48%
Mat-Su Borough	Mat-Su Day School	7	13	54%
Mat-Su Borough	Valley Pathways	122	176	69%
Sitka	Pacific High School	26	34	76%

2013 YOUTH RISK BEHAVIOR SURVEY

Alaska Traditional High School Survey

Sample Description:

School Level - All regular public schools containing grades 9, 10, 11, or 12 with enrollments of ten or more were included in the sampling frame. Schools were selected systematically with probability proportional to enrollment in grades 9 through 12 using a random start. 43 schools were sampled.

Class Level - All classes meeting during a particular period of the day were included in the sampling frame. Systematic equal probability sampling with a random start was used to select classes from each school that participated in the survey.

Response Rates:

Schools - 100% 43 of 43 sampled schools participated
Students - 63% 1,247 of the 1,992 sampled students submitted questionnaires.
1,235 questionnaires were usable after data editing.
Overall response rate - $100\% * 63\% = 63\%$

Special Note:

Because the overall response rate equaled or exceeded the 60% threshold, the data were weighted and are representative of the entire student body.

There were 20 students who were excluded from the analysis.

N = number of students.

* Non-Hispanic

Alaska Native includes Alaska Native or American Indian alone or in combination with other races or ethnicity.

Dashes indicate that values were not generated in accordance with program policy which prohibits the reporting of:

1) small sample sizes (less than 100 students) that may affect data quality, or

2) any extreme values that may compromise student confidentiality.
