Childhood Lead Risk Questionnaire
For assessing lead exposures in children.

Instructions: 1. Ask the child's parent or guardian the following questions and mark their responses.
2. If guardian answers YES or Don't Know (D/K) to any question, test the child for lead as soon as possible.

Child's Name: ____________________________  Date of Birth: __________ / __________ / __________  Age: _______ years
Gender (circle one):  MALE  FEMALE
Provider's Name: ____________________________

Please answer YES, Don't Know (D/K) or NO to the following questions:

1. Does your child live in or visit homes, day care centers or other buildings built before 1978?  YES  D/K  NO
2. Does your child live in or visit homes, day care centers or other buildings with recent repairs or remodeling?  YES  D/K  NO
3. Does your child eat or chew on non-food substances such as paint chips or dirt?  YES  D/K  NO
4. Has anyone who lives in the same home as your child previously had an elevated blood lead level?  YES  D/K  NO
5. Is your child a foreign adoptee, refugee or has your child recently travelled internationally?  YES  D/K  NO
6. Does your child eat wild game such as moose, caribou or waterfowl that has been shot with lead bullets?  YES  D/K  NO
7. Does your child come in contact with a person whose job or hobby includes any of the following:

- Chemical preparation
- Valve and pipe fittings
- Brass/Copper foundry
- Refining furniture
- Making fishing weights
- Lead smelting
- Welding
- House construction or repair
- Battery manufacturing or repair
- Burning lead-painted wood
- Automotive repair shop or junk yard
- Going to a firing range or reloading bullets
- Radiator repairs
- Pottery making
- Mining
- Use of lead-containing aviation gas in airplanes or snow-machines

8. Does your family use foreign or traditional products such as imported pottery, health remedies, skin care creams, spices, or foods? These include:

- Cosmetics such as kohl, surma, and sindor
- Imported or glazed pottery, imported candy, and imported nutritional pills or vitamins
- Traditional medicines such as ayurvedic, greta, azarcon, alarcon, alkohl, bali goli, coral, ghasard, liga, pay-loo-ah and rueda
- Foods canned or packaged outside the U.S.
