MEASLES UPDATE

With guest speaker: MICHELLE ROTHOFF, MD

Description: This is a one hour webinar to review and update your knowledge about measles.

This webinar will review how a measles rash may present and be distinguished from other common diseases, key questions to ask patients in the initial interview, testing guidance, infection control and isolation requirements, vaccination recommendations for health care workers and a quick review of the Alaska reporting requirement for suspected measles cases. No registration required. Feel free to invite other interested parties.

Date: Thursday, May 30 11:30 am for one hour [Join Webex meeting](#)
