

How to Sanitize

1. Put on disposable gloves and wear eye protection.
2. Fill a clean container with 1 gallon of water.
3. Is there contamination with vomit or stool?

Add 1 and 2/3 cup of 5.25 % bleach (5000 ppm solution).

Add 1/3 cup of 5.25% bleach (1000 ppm solution).

4. Mix water and bleach in container.
5. **Before using bleach solution**, wipe off all surfaces. Use disposable towels to remove any vomit, stool, or other substances like food or grease.
6. Apply bleach solution to surface area and allow it to remain wet for 10 minutes. If possible, allow bleach solution to air dry
7. Dispose of soiled paper towels and gloves in a plastic trash bag and place in garbage.
