

Where to get childhood and adolescent immunizations

(November, 2015)

Through a variety of funding sources, children in Alaska may receive state-supplied vaccine. The following clinics/practices offer vaccines provided by the Alaska Immunization Program. Parents/guardians are encouraged to contact clinics to:

- ensure vaccine availability and
- find out if clinics take "walk-ins" or if appointments are needed

While medical providers are not permitted to charge for the cost of vaccines they receive through the Alaska Immunization Program, they may charge for the cost of vaccine they privately purchased. Other visit or office fees may be charged as applicable.
