

Where to go for childhood and adolescent immunizations

Through a variety of funding sources, children in Alaska may receive state-supplied vaccine. The following clinics/practices offer vaccines provided by the Alaska Immunization Program. Parent/guardians are encouraged to contact clinics to:

- ensure vaccine availability and
- find out if clinics take "walk-ins" or if appointments are needed

While providers are not permitted to charge for the cost of vaccines they receive through the Alaska Immunization Program, providers may charge for the cost of vaccine they purchase that is not supplied by the state. Other visit or office fees may be charged as applicable.
