2) Vaccine shipments will arrive at your facility via FedEx or maybe UPS. The staff at your facility must be able to recognize a shipment and immediately put away the vaccines or contact the appropriate staff to put away the vaccines. Shipments are time and temperature sensitive.

3) The shipment can be in transit until midnight on Day 4. The ship date and tracking number are printed on the address label on the shipment box. It is your responsibility to determine the number of days in transit.

*If the shipment arrived to your facility after Day 4, follow the instructions through Step 6 and then click [\[HERE\]](#) for instructions on how to determine viability. **Label vaccines "Do Not Use."***

- 4) Open the shipment and find the warm **and** freeze temperature indicators located inside the box. Ensure that the indicators are not activated.

If the temperature indicators are activated, follow the instructions through Step 6 and then click [\[HERE\]](#) for instructions on how to determine viability. **Label vaccines "Do Not Use."**

- 5) Carefully count the vaccine doses and review the lot numbers in the box to ensure that they match the "Ship Qty" column on the packing slip inside each box.

This vaccine was purchased with public (state, local, and/or federal) funds and may be administered only to patients eligible to receive publically-funded vaccine.
If you have any questions about your order please contact your Immunization Program for assistance.

If the vaccine information does not match, follow the instructions through Step 6 and then click [\[HERE\]](#)

(The VFC, 317 and State columns on the packing slip do not indicate how you should label or separate the stock in your storage unit. Label all vaccine as "public" or "state-supplied" as usual.)

- 6) Store vaccine appropriately in your storage unit.

- 7) Electronically receive your order in VacTrAK. Ensure that what you received in the shipment matches what is populated in your VacTrAK order. Do **NOT** receive or reject an order that is too long in transit or has activated temperature indicators.

If the vaccine information does not match, click [\[HERE\]](#)
