## Vision
Vibrant health system in Alaska

## Mission
Improve the health of Alaskans by addressing health system issues.

## Guiding Principles
Communication is simple, accessible, and culturally competent.

### Priorities

<table>
<thead>
<tr>
<th>Community Health Improvement</th>
<th>Healthcare Needs Assessments</th>
<th>Healthcare Quality Improvement</th>
<th>Healthcare Workforce Initiatives</th>
</tr>
</thead>
<tbody>
<tr>
<td>Foster collaboration between communities and partners</td>
<td>Assess statewide community healthcare needs</td>
<td>Evaluate and support critical access hospital quality improvement</td>
<td>Promote healthcare workforce incentive programs</td>
</tr>
<tr>
<td>Engage and empower communities to assess and improve health outcomes</td>
<td>Survey healthcare sites to accurately assess provider staffing</td>
<td>Advocate value based care transitions</td>
<td>Reduce healthcare provider shortages in key areas</td>
</tr>
<tr>
<td>Promote rural health resources</td>
<td>Identify underserved populations and locations</td>
<td>Initiate emergency medical and hospital quality care coordination</td>
