

# Alaska SHARP Program

## FAQs for SHARP-II

### **SHARP-II CLINICIANS and EMPLOYERS**

**1. Q: Do I need an employer lined up before applying?**

A: The clinician can apply on his or her own, but in the end, you must have a specific employer who has submitted a site application. In order to actually participate, one must sign a memorandum of agreement, which is a three-way agreement between the practitioners, the employer and the State. As a result of that contract, the employer agrees to pay a certain portion of the clinician payments via an “employer match” which they formally agree to.

**2. Q. What is the process for finding a designated employer within the SHARP-II Program?**

A: There is a listing of all health care sites that have been determined as eligible located on the SHARP Website. Here is the link:

<http://dhss.alaska.gov/dph/HealthPlanning/Pages/sharp/match.aspx>

- More generally, there are many locations that are potentially eligible. Talk to your agency (employer’s) HR or leadership about SHARP-II eligibility.
