

APPENDIX E: YEAR 2010 HEALTH OBJECTIVES

The U.S. Department of Health and Human Services published Healthy People 2010: Understanding and Improving Health¹ to comprehensively address health promotion and disease prevention opportunities in order to allow local communities and states to choose from among its recommendations in addressing their own highest priority needs.

The Alaska Department of Health and Social Services,

Division of Public Health has, using the framework of Healthy People 2010, developed targets for improving the health of Alaskans. Healthy Alaskans 2010: Targets and Strategies for Improved Health takes Alaska's the unique situation and challenges into account.
