

State of Alaska Alaska Birth Defects Registry Birth Defects Reporting

Physicians, hospitals, and other health care facilities and providers must report children from birth up to 6 years of age who have been diagnosed with or treated for any of the birth defects listed below. On the back-side of this form is a Birth Defects Reporting Form. Please fill one form out for each child being reported. Use the most specific ICD-9 codes available and write out a description of the anomaly, along with the encounter date. The ICD-9 code and written description should be specific. For example, if appropriate you would report a child as having “sickle cell anemia” with an ICD-9 code of 282.60. For this child, do not write “hereditary anemia” with ICD-9 code 282, as such a report is not a specific condition. If you have a large number of reports, please contact our office to discuss an alternate method of reporting. Completed reports should be mailed to: **Alaska Birth Defects Registry, 3601 C Street, Suite 358, Anchorage, Alaska 99503**, or faxed to (907) 269-3493. Please include the suite number when mailing. We can be reached by telephone at (907) 269-8097.

Reportable ICD-9 Codes

237.7-237.72	Neurofibromatosis	745.0-745.9	Bulbus cordis anomalies and anomalies of cardiac septal closure
243	Congenital hypothyroidism		
255.2	Adrenogenital disorders	746.0-746.9	Other congenital anomalies of heart
270.0-270.9	Amino acid metabolic disorders	747.0-747.9	Other congenital anomalies of circulatory system
271.0-271.1	Glycogenosis and galactosemia	748.0-748.9	Congenital anomalies of respiratory system
277.0-277.9	Other and unspecified disorders of metabolism	749.0-749.25	Cleft palate and cleft lip
279.0-279.9	Disorders involving the immune mechanism	750.0-750.9	Other congenital anomalies of upper alimentary tract
282.0-282.9	Hereditary hemolytic anemias		
284.0	Constitutional aplastic anemia	751.0-751.9	Other congenital anomalies of digestive system
331.3-331.9	Other cerebral degenerations	752.0-752.9	Congenital anomalies of genital organs
334.0-334.9	Spinocerebellar disease	753.0-753.9	Congenital anomalies of urinary system
335.0-335.9	Anterior horn cell disease	754.0-754.89	Certain congenital musculoskeletal deformities
343.0-343.9	Infantile cerebral palsy	755.0-755.9	Other congenital anomalies of limbs
359.0-359.9	Muscular dystrophies and other myopathies	756.0-756.9	Other congenital musculoskeletal anomalies
362.74	Pigmentary retinal dystrophy	757.0-757.9	Congenital anomalies of the integument
389.0-389.9	Hearing loss	758.0-758.9	Chromosomal anomalies
740.0-740.2	Anencephalus and similar anomalies	759.0-759.9	Other and unspecified congenital anomalies
741.0-741.9	Spina bifida	760.0-760.9	Fetus or newborn affected by maternal conditions which may be unrelated to present pregnancy
742.0-742.9	Other congenital anomalies of nervous system		
743.0-743.9	Congenital anomalies of eye	760.71	Alcohol affecting fetus via placenta or breast milk, including fetal alcohol syndrome
744.0-744.9	Congenital anomalies of ear, face and neck
