**What is CUBS?**

CUBS stands for the Childhood Understanding Behaviors Survey and is a three-year follow-up to the Alaska Pregnancy Risk Assessment Monitoring System (PRAMS). PRAMS sends a survey to approximately one of every six mothers of newborns in Alaska. CUBS attempts follow-up with all mothers living in Alaska who completed PRAMS and whose infant was living with them at that time. The purpose of CUBS is to collect information about health, behaviors, and experiences of young children and families in Alaska.

Among 1244 mothers who were sent the CUBS survey in 2010, 48% responded. Their answers were weighted to represent all mothers of 3-year-old children born in Alaska in 2007. The average child age at the time mothers responded was 38 months (range 35-40 months). 2.5% of mothers said their 3-year-old child was not living with them at the time.

For more information about CUBS, visit [www.epi.hss.state.ak.us/mche/pi/cubs/](http://www.epi.hss.state.ak.us/mche/pi/cubs/).

For questions or for specific data requests, contact Margaret Young, CUBS Program Coordinator, at 907-269-5657 or [margaret.young@alaska.gov](mailto:margaret.young@alaska.gov).

**(Q21) For each of these other health conditions**, indicate if a health care provider told you your child had the condition during the *past 12 months*, even if he or she does not have the condition now.

	% yes	95% CI*	
Allergy that causes hives or difficulty breathing	7.4	5.0	10.7
Underweight for age or height	5.3	3.2	8.7
Overweight for age or height	3.3	1.8	6.1

**(Q25) Please indicate if your child can do the following actions now.**

	% yes	95% CI*	
Walk up and down stairs	98.6	97.1	99.3
Build a tower with at least 8 blocks	98.2	96.7	99.0
Use 4 to 5 words in a sentence	94.1	91.1	96.1
Repeat simple songs or rhymes	93.7	90.7	95.7
Use a toilet during the day on most days	86.8	83.0	89.9

**(Q26) During the past 12 months, have you had any concerns about how your child acts, gets along with others, or shows feelings?** The concern may be about small or large problems.

	%	95% CI*	
Yes	10.5	7.5	14.4

**(Q27) Did you seek professional help or advice because of concerns about how your child acts, gets along with others, or shows feelings?** (Among those who reported having concerns.)

	%	95% CI*	
Yes	40.2	24.9	57.6

**(Q28) Were you able to find someone who could help you with these concerns?** (Among those who reported having concerns AND seeking help.)

	%	95% CI*	
Yes	^
