Alaska Early Intervention / Infant Learning Program

Referral Checklist

This form is provided for use by professionals (physician, nurse, social worker, counselor, etc) or any other practitioner to refer a child, 0-36 months of age, for early intervention services. If you know of a child with, or are concerned that a child may have, one or more of the conditions listed below, please refer the child to the early intervention/infant learning program in your area. (Contact information and service areas statewide for the Alaska EI/ILP Programs on back)

Child’s Name: _____________________________________________   Date of Birth: _____________  Age: _________

Parent /Care Giver Name:____________________________________  Telephone Number:_____________________

Address: _______________________________________  City: _______________  State: ______  Zip Code:__________

Person Making Referral:___________________________________________ Phone Number:___________________

Parent is aware that referral is being made.     Yes            No    (Please circle)

(This checklist includes many, however **not all** of the conditions or concerns that may make a child eligible for early intervention services. If a child has any condition or concern that has a high probability of being associated with a developmental delay or poor behavioral outcome, the child should be referred to early intervention services no more than seven days after the child has been identified. 34 CFR 303.321(d)(2)(ii)
