FAQs- Home and Community Based Waiver and Personal Care Services Rate Methodology and Target Provider List

GENERAL FAQs

1. Does this notice apply to me?
   
   Response: Only providers who are listed on the August 1, 2020 target provider list are required to submit annual reports for this reporting cycle for the provider’s fiscal year which ends during calendar year 2020. Please note, providers who solely bill for residential supported living services or care coordination services cannot be selected as a target provider.

2. How did the Department determine which providers are target providers?
   
   Response: For each service category except for Transportation - paratransit services (T2003 CG), care coordination services and residential supported living services, total Medicaid units of service for dates of service state fiscal year 2019 were identified and organized by provider Tax ID. Starting with providers who provided the highest number of Medicaid service units and working down to providers who provided the lowest number of Medicaid service units, the Office of Rate Review ranked the providers until either 90% of the Medicaid service units were represented or 5 providers were identified, whichever occurred first. Each service category is defined as the procedure codes and modifiers that are reported together in a cost center on the expense worksheet of the cost survey. For example, Day Habilitation-Individual and Day Habilitation-Group are reported together in a cost center on the expense worksheet and will be analyzed together to determine the highest providers of day habilitation services. For services that are reported together in which the units of service are different, such as Adult Day Care – 15 minutes and Adult Day Care – Half Day, the half day units will be recalculated into 15 minute units using 3.5 hours as the standard half-day time.

3. Will a target provider list be published every year?
   
   Response: Yes, each August 1, a new Target Provider list will be published.

4. If my organization is not selected as a target provider this reporting cycle, could I be picked to be a target provider in future years? How will I know if I am picked?
   
   Response: Each August 1, a new target provider list is selected using the criteria listed in the Personal Care & HCB Waiver Rate Setting Methodology. It is possible that a provider would not be selected to submit annual reports in one reporting cycle, but due to the ranking produced using the provider’s Medicaid claims the next year, be selected to submit annual reports in the next reporting cycle. Each August 1st, the Department will notice the target provider list in the following methods:
1. Publicly notice on the Alaska Online Public Notice System
2. Post the list on the Department’s website currently located at: http://dhss.alaska.gov/dsds/Pages/info/costsurvey.aspx
3. Submit an SDS e-Alert

5. What is a full annual report and how is a reduced annual report different?

Response: A full annual report, as specified in 7 AAC 145.531(c), consists of:

1. A completed cost survey, including a signed cover sheet
2. Audited financial statements (AFS)
3. Post audit working trial balance that ties to the AFS
4. A reconciliation of the post-audit working trial balance to the expense worksheet of the cost survey

This information will be utilized by the Office of Rate Review in accordance with the Personal Care & HCB Waiver Rate Setting Methodology to help inform future Personal Care and Home and Community Based Waiver rates.

This year the Department has called for a full annual report from all target providers.

TARGET PROVIDER FAQs

6. When are the annual reports due for the target providers and for which years are they required to report?

Response: Providers listed on the August 1, 2020 list are required to submit their annual report within 8 months of the provider’s fiscal year end. The annual report must cover the fiscal year that ends in calendar year 2020. For example, the following reports would be due to the Department for providers listed on the August 1, 2020 list.

<table>

7. Where do I find the Cost Survey?

Response: The current cost survey, dated February 7, 2017, can be found at: http://dhss.alaska.gov/dsds/Pages/info/costsurvey.aspx under the “Updated Cost Survey (excel version)” link.
8. Where do I submit my annual report information?

Response: Annual report information can be submitted via Electronic mail to: ORRCostReport@alaska.gov

While providers may submit PDF or excel versions of the cost survey, post audit working trial balance, and reconciliation of the post audit working trial balance to the expense worksheet of the cost survey, the Department requests excel versions be submitted. Certifying signatures of the CEO on the cover sheet of the cost survey must be sent via PDF.

9. What happens if I am a target provider and I do not report?

Response: Per 7 AAC 145.531(h), if a target provider fails to submit a complete annual report as outlined in the regulations, the department may reduce Medicaid payments for services listed in 7 AAC 145.531(a) by five percent, starting as early as the day following the data the complete annual report is due, with the payment reduction remaining in effect until the complete annual report is received.

10. Are there instructions or assistance in how to fill out the cost survey?

Response: Yes, instructions for filling out the cost survey can be found at: http://dhss.alaska.gov/dsds/Pages/info/costsurvey.aspx under the “Updated Cost Survey Instructions” link.

In addition, providers can submit questions related to the cost survey to ORRCostReport@alaska.gov and staff at the Office of Rate Review will work through questions with providers. If a provider requires additional support, one on one assistance can be requested to ensure a complete and accurate report can be obtained from the provider.
