

*Empowering Deaf & Hard of Hearing Alaskans
through Community Education, Outreach & Advocacy*

BRIDGES NAVIGATOR PROGRAM

August 21, 2014

The Bridges Navigator Program provides a range of resources and services to individuals who are Deaf or Hard of Hearing (HOH). These services are intended to support individuals so that they may live in the community of their choice as independently and productively as possible. The program is designed to provide assistance with employment, housing, health & social services, outreach and advocacy. Training is available for employers or other community partners. Supportive technology is available for use by individuals in the Deaf community.
