7 AAC 130.211 is amended to read:

7 AAC 130.211. Screening of applications. (a) The department will pay for and review, in any 365-day period, one application [SCREENING OF AN APPLICANT] for home and community-based waiver services to determine whether there is a reasonable indication that the applicant might need services at a level of care provided in a hospital, nursing facility, or ICF/IID in 30 or fewer days unless the applicant receives home and community-based waiver services under this chapter. [THE DEPARTMENT WILL

(1) CONDUCT THE SCREENING;

(2) CONTRACT WITH ANOTHER ORGANIZATION TO CONDUCT THE SCREENING; OR

(3) OFFER THE APPLICANT THE OPPORTUNITY TO SELECT A CARE
(b) The care coordinator selected by the applicant to assist with the application shall

(1) inform the applicant regarding the care coordinator's relationship as an employee of any provider certified under 7 AAC 130.220 and of any relationship described in 7 AAC 130.240(f); and

(2) provide to the department a complete application in accordance with 7 AAC 130.207(a), and relevant and contemporaneous documentation that

(A) addresses each medical and functional condition that places the applicant into a recipient category listed in 7 AAC 130.205(d); and

(B) indicates the applicant's need for home and community-based waiver services.

(c) Following notification of a decision by the department that an applicant would not need services as specified in (a) of this section, the applicant may submit an application, and the department will pay for and review, another application within the time period in (a) of this section, only if a material change in the applicant's condition occurred after submission of a prior application. In this subsection, "material change in the applicant's condition" means an alteration in the applicant's health, behavior, or functional capacity of sufficient significance that the department is likely to reach a different decision regarding the applicant's need for home and community-based waiver services. (Eff. 7/1/2013, Register 206; am 11/5/2017, Register 224)
7 AAC 130.213 is repealed and readopted to read:

7 AAC 130.213. Assessment and reassessment. (a) If an application under 7 AAC 130.211 and supportive diagnostic documentation reasonably indicate the need for services described in 7 AAC 130.211(a), the department will conduct an assessment of the applicant's physical, emotional, and cognitive functioning to determine the

(1) recipient category under 7 AAC 130.205(d) for which the applicant is eligible; and

(2) level of care under 7 AAC 130.215 that the applicant requires.

(b) If an assessment indicates that an applicant meets the level-of-care requirement under 7 AAC 130.215, the department will send notice to the care coordinator for development of a plan of care in accordance with 7 AAC 130.217 and 7 AAC 130.218.

(c) To request a reassessment of a recipient's continuing need for home and community-based waiver services, the recipient must submit a new application with current information in accordance with 7 AAC 130.207 not later than 90 days before the expiration of the period covered by the preceding level-of-care approval. A new application is required in order to continue to receive home and community-based services after the expiration of the previous period.

(d) For recipients enrolled in the recipient categories specified in 7 AAC 130.205(d)(1), (2), and (4), if the new application indicates a need for continuing services, the department, not
later than one year after the date of the previous assessment, will reassess a recipient to determine if the recipient continues to meet the eligibility requirements of 7 AAC 130.205(d) and level-of-care requirement under 7 AAC 130.215. After the reassessment, the department will notify the recipient, the recipient's representative, and the recipient's care coordinator of that determination, except that the department will perform an earlier reassessment if the department determines it necessary due to a material change related to the health, safety, and welfare of the recipient.

(e) For recipients enrolled in the recipient category specified in 7 AAC 130.205(d)(3), if the new application indicates a need for continuing services, the department will

(1) either

(A) reassess the recipient to determine if the recipient continues to meet the eligibility requirements of 7 AAC 130.205(d)(3) and the level-of-care requirement under 7 AAC 130.215(3); the department will schedule a reassessment on the basis of the age of the recipient or earlier if the department determines it necessary, as follows:

(i) annually for recipients at least three years of age and under seven years of age;

(ii) every three years for recipients at least seven years of age and under 22 years of age;

(iii) as necessary for recipients 22 years of age or older; or

(B) for each year an assessment is not conducted, conduct a file review and confer with the care coordinator for the recipient, to confirm that the recipient continues to meet the level-of-care requirement; if the review indicates that there has
been a material change in the recipient's condition, the department will conduct an assessment; in this subparagraph, "material change in the recipient's condition," with respect to a recipient, has the meaning given "material change in the applicant's condition" in 7 AAC 130.211(c); and

(2) after a reassessment or review under this subsection, notify the recipient, the recipient's representative, and the recipient's care coordinator of the department's determination.

(f) If the department finds, based on a reassessment under this section, that the recipient no longer requires the level of care described in 7 AAC 130.215, the department will

(1) forward the reassessment for review by an independent qualified health care professional in accordance with AS 47.07.045(b) and 7 AAC 130.219(e)(4); and

(2) notify the recipient and the recipient's care coordinator of the referral and extension of the notification timeframe under 7 AAC 130.207(c)(3).

(g) If the department determines that translation services for a non-English speaking applicant or interpretation services for a deaf applicant are necessary for an assessment or reassessment under this section, the department will secure and pay for those services.

(h) The department may schedule and conduct assessments and reassessments by videoconference for recipients that

(1) are located outside of the Municipality of Anchorage and the Fairbanks North Star Borough; and

(2) before scheduling, submit to the department

(A) an application in accordance with 7 AAC 130.207;

reassessment by videoconference; and

(C) in a format provided by the department, information about the residential setting of the applicant or recipient. (Eff. 7/1/2013, Register 206; am 7/1/2015, Register 214; am 1/5/2017, Register 224)

(B) each provider representative indicating the provider agrees to render the services as specified in the plan of care; and

(C) each individual on the planning team to verify participation in the development of the recipient's plan of care; and

(A) 60 days after the date of the department's notice to the recipient and the recipient's care coordinator that the recipient meets the level-of-care requirement in
