# Introduction

**T**his publication provides detailed information on the operating grants awarded by the Department of Health and Social Services in Fiscal Year 2017. The department continues to award over 500 grants, to over 200 agencies, totaling over \$165 million.

Details provided for each grant program include a brief narrative, Results Based Budgeting Framework, grantee name, service area, fund source and award amount. Included in this publication is a DHSS Service Regions map providing a graphic description of the regions adopted by the department, which helps assess distribution of services and resources across the state. Lastly, an Election District report is included to delineate grant services provided in each election district.

Overall, these operating grant programs are key drivers in advancing the State of Alaska Department of Health and Social Services' mission of promoting and protecting the health and well-being of all Alaskans. These services enable Alaskans to make changes to their lives that lead to healthier outcomes.

Grant programs are managed collaboratively with each of the department's divisions and Finance Management Services, Grants Section. We welcome your suggestions regarding the Department's response to the needs of Alaskans and how we can improve our services through our grant programs.

### Adult Rural Peer Support

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.30.520-620 The Community Mental Health Services Act; and AS 47.376, Uniform Alcoholism and Treatment Act

**Description of Services:** Support existing organizations seeking to expand into rural areas, or to allow for community mental health centers in rural areas to add peer support to their existing service delivery system, or maintain peer support organizations developed through the Beneficiary Project Initiative. The intent is to promote growth and institutionalization of peer support in behavioral health systems outside Anchorage, Juneau, and Fairbanks areas. The Division anticipates the following outcomes: increased number of peer support organizations actively serving members/individuals in rural communities and improved client quality of life outcomes for individuals engaged in peer support services.

**Assessment of Need:** Peer support is a recognized best practice in behavioral health. Individuals who have completed treatment or are successfully managing their recovery are often very successful in engaging and supporting their peers in the recovery process. Having trained peer support workers in rural areas would help alleviate the workforce issues faced by rural areas in the recruitment and retention of qualified behavioral health staff from other areas. These positions would also provide local, meaningful employment for peers, an important component of recovery.

**Service Delivery Area:** Statewide other than Anchorage, Juneau and Fairbanks.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

### Alcohol Safety Action Program (Adult and Juvenile)

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.31 Uniform Alcoholism and Intoxication Treatment Act

**Description of Services:** The Alcohol Safety Action Program (ASAP) services are intended for adult and juvenile clients who have a current or pending misdemeanor criminal case with the Alaska Court System (ACS) for driving while intoxicated and/or other alcohol and drug related misdemeanor cases. Services provide case management and accountability to clients by: 1) screening criminal cases referred from the district court into drinker classification categories and; 2) managing misdemeanor alcohol offender cases to ensure their required substance abuse education or treatment program are completed, as prescribed by the courts.

**Assessment of Need:** The ASAP program is an integral part of the ACS and the Behavioral Health continuum of care, providing invaluable and necessary substance abuse services in all major communities throughout Alaska. Maintaining our current ASAP system of service in our major Alaskan communities is vital to our goal of reducing alcohol use, abuse and dependency across our state.

**Service Delivery Area:** Service areas include: Juneau, Ketchikan, Kodiak, Fairbanks, Dillingham, Copper River, Bethel, Palmer/Wasilla, Anchorage, Kenai/Homer, Seward, Nome, Kotzebue, and Barrow.

**RBB Framework:** Department Priorities

### Behavioral Health Provider Association

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.30.520-620 Community Mental Health Services Act.

**Description of Services:** This grant program is designed to assist grantees/providers in improving their business and clinical management practices. Information will be provided in the following areas:

1. The development and implementation of programs that promote clinically integrated services to those individuals experiencing a co-occurring mental health and substance abuse disorder.
2. The development and implementation of practices that create administrative efficiencies.
3. The development and implementation of practices that improve quality management programs with agencies.

**Assessment of Need:** The Community Mental Health Services Act provides for a single funding mechanism to develop and maintain mental health services throughout the state. The system has approximately 35,000 individuals utilizing crisis services. The services are targeted to adults with serious mental illness and seriously emotionally disturbed youth.

**Service Delivery Area:** Services are rendered statewide to all non-state mental health providers, mental health grantees, as well as the State of Alaska.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans

### Bethel Community Service Patrol and Sobering Center

**Granting Authority:** 7AAC 78 - Grant Programs, AS 18.08.010, AS 44.29.150, AS 47.30.477, AS 47.30.520 - 620, AS 47.37, and 7 AAC 71.010 - 71.300 Community Mental Health Services, and 7 AAC 29 State Standards for Alcoholism Programs.

**Description of Services:** Bethel's Community Service Patrol (CSP) will patrol the town, picking up inebriated individuals and deliver them to the appropriate facility for assessment. If needed, CSP will transport them to the YKHC Sobering Center where they can sober up in an environment that provides monitoring and protection. Individuals taken to the YKHC Sobering Center will also be screened and receive case management services that connect them to services, such as referrals for Substance Abuse or Mental Health assessments and treatment.

**Assessment of Need:** The Bethel region has been identified by the AMHTA as a target area for specialized chronic inebriate services due to the large number of Title 47 protective holds that result in people being taken to local correctional facilities or hospital emergency rooms. Neither of these facilities have the capacity to provide services for those needing care. The CSP is an integral part of a multi-faceted service system designed to provide protection, identification, and referral for treatment for the targeted population. The YKHC Sobering Center provides a more appropriate and preferable setting, than the local correctional facility or emergency room.

**Service Delivery Area:** Bethel Service Area. Available data documenting incarcerations associated with protective custody holds demonstrates that the City of Bethel has one of the highest incidences of protective holds in the State. Because of this, the AMHTA and DBH have identified the region as a priority for additional program efforts.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

- 1.1 Protect and Promote the Health of Alaskans
- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans

### Bring the Kids Home

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.30.520 – 620 Community Mental Health Services Act; AS 47.30.655 - .915 Alaska Civil Commitment Statutes; AS 47.37 Uniform Alcoholism & Intoxication Treatment Act

**Description of Services:** Bring the Kids Home (BTKH) serves a high-risk population of Seriously Emotionally Disturbed Youth (SEDY) and their families. The goal, when appropriate, is for the Division of Behavioral Health (DBH) to provide funding until an agency is self-sufficient. Service strategies and models will vary as needed to keep children from out-of-state placements and/or to maintain children in their communities or homes.

**Assessment of Need:** This program continues the success of keeping children from being placed in out-of-state residential psychiatric treatment centers (RPTC) or outside of their communities and homes.

**Service Delivery Area:** Statewide.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

### **Chemical Dependency Professionals Certification**

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.37. Uniform Alcoholism and Intoxication Treatment Act

**Description of Services:** This program provides funds to the Alaska Commission for Behavioral Health Certification (ACBHC) to process certification and re-certification applications. This agency provides vital communications between the voluntary Commission members and those they represent in the field. The agency also receives and processes ethical conduct or scope of practice related complaints made on applicants and certificate holders. Standards are set by the National Association of Addiction Professionals for the certification of behavioral health associates, chemical dependency counselors, administrators and training.

**Assessment of Need:** The program provides various levels of certification. Staff verify, review, and approve/reject applications concerning experience, practicum hours, education, training hours completed, character reference, adherence to ethical practice, and criminal background disclosure, assuring a minimum level of consistent competency to clients.

**Service Delivery Area:** Statewide

### Comprehensive Behavioral Health Prevention and Early Intervention Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.37.030 Uniform Alcoholism and Intoxication Treatment Act and AS 47.30.470-500 Alcoholism and Drug Abuse.

**Description of Services:** Assist and support efforts to reduce and prevent substance use and abuse, suicide, and self-destructive behavior; strategies will be comprehensive, integrated prevention and early prevention approaches. Overall, the goal of these grant funds is to "promote healthy communities utilizing effective practices and partnerships" to reduce risk factors and the harmful consequences of substance and poor mental health, and to promote protective factors to empower local communities to create population-level change in behavioral health conditions.

**Assessment of Need:** Through the integrated services of Behavioral Health, we are now able to address a broader view of substance use problems to look more holistically at those individuals who are also impacted by mental illness, depression, interpersonal violence trauma and other behavioral health concerns. A comprehensive, multi-disciplinary review of all substances in Alaska and the consequences of those substances on Alaskan citizens and communities has been conducted and will inform and guide strategies to be identified in this program's Request for Proposals and Non-Competitive Request for Proposals.

**Service Delivery Area:** Statewide.

### Family Wellness Warriors Initiative

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.30.470-500 Alcoholism and Drug Abuse and AS 47.37.030 Uniform Alcoholism and Intoxication Treatment Act.

**Description of Services:** The purpose of the Family Wellness Warriors Initiative is to equip organizations and individuals to effectively address the spiritual, emotional, mental, and physical effects of domestic violence abuse and neglect. The initiative targets the Alaska Native and American Indian populations of Alaska to restore wellness to the Alaska Native community, addressing all forms of violence through a comprehensive, holistic approach.

**Assessment of Need:** This program provides ongoing services from the Governor's Initiative with the goal of ending sexual assault and domestic violence in Alaska and legislative intent determined the need for expanding and enhancing Alaska's only Alaska Native-specific domestic violence and substance abuse prevention and early intervention community-based programs.

**Service Delivery Area:** The applicant currently provides services to Nome and the Norton Sound Regional Villages. Future communities will be selected based upon request, readiness and meeting program guidelines.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.3 Promote Personal Responsibility and Accountable Decisions By Alaskans

### Independent Case Management and Flexible Supports

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.30.520-620 Community Mental Health Services Act

**Description of Services:** Behavioral health rehabilitation service that assists adults with a serious mental illness in obtaining skills and services that are medically necessary to improve their daily functioning. Core agency service requirements include client assessment, outreach and case finding, case management support services, and psycho-social rehabilitation services.

**Assessment of Need:** Individuals most severely impacted by mental illness are highly reluctant to obtain treatment from comprehensive behavioral health agencies. The Independent Case Management program is essential in supporting these individuals in obtaining services to ensure they will successfully remain in the community and lead productive and fulfilling lives.

**Service Delivery Area:** Anchorage, Juneau, and Soldotna

### Permanent Supportive Housing

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.30.520-620 Community Mental Health Services Act, AS 47.376 Uniform Alcoholism and Intoxication Treatment Act, AS 47.30.655-915 Alaska Civil Commitment Statutes, and AS 47.30.011-061 Alaska Mental Health Trust Authority.

**Description of Services:** Permanent Supportive Housing (PSH) is a specific Evidence-Based Practice characterized by availability of comprehensive support services in integrated community settings (coupled with affordable rent) and is a crucial resource for many people with a behavioral health diagnosis that has interfered with successful housing tenancy. Housing with supports provides a stable base for recovery, which can be difficult for individuals who are experiencing homelessness, living in unnecessary restricted/segregated settings, and re-entering the community from institutional settings. The comprehensive array of active treatment services purchased through this grant program include, but is not limited to, some of the following services: assertive outreach and engagement to bring individuals into services; linkage to affordable housing and housing stability services; employment support services/job skills training; substance abuse treatment and coordination; mental health treatment and coordination; referral to primary care services; activities of daily living services and training; medication management and monitoring; detoxification services; relapse prevention and recovery planning; and illness management and recovery.

**Assessment of Need:** Individuals with physical or mental illness and substance use are highly represented in the chronically homeless population. Social service costs per homeless individual annually (including shelter, medical costs, and incarceration) are estimated at \$42,000-\$60,000. For highly vulnerable Seriously Mentally Ill (SMI) individuals, FY13 data shows that there were 70 non-waiver SMI recipients in the Anchorage area with Medicaid costs already totaling over \$25,000/ recipient, all with mood (e.g., bi-polar) or schizophrenic disorders, many with previous annual average Medicaid payment of \$89,880/ recipient (which does not count the high cost of police interactions, ER visits, Alaska Psychiatric Institute (API) hospitalizations, or Department of Corrections (DOC) days).

### Residential Care for Children and Youth Training

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.14.100 (Powers and Duties of Department Over Care of Child); AS 47.10 (Children in Need of Aid); AS 47.12 (Delinquent Minors)

**Description of Services:** Program services include the provision of a training program and forums for ongoing training to line staff at agencies awarded Residential Care for Children and Youth (RCCY) program grants. The awarded agency must be amenable to planning and coordination of a Department-wide training integration effort including the Division of Behavioral Health, Division of Juvenile Justice, and Office of Children's Services.

**Assessment of Need:** Hiring and retention of qualified personnel at facilities providing residential child care services to children and youth in Department custody are long-standing issues. Training for staff through this grant helps to maximize resources available to the providers in assuring the highest quality of services for all children who receive services from RCCY facilities.

### Rural Human Service System

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.37 Uniform Alcoholism and Intoxication Treatment Act.

**Description of Services:** This program offers grants to rural substance abuse, mental health, behavioral health, and human services agencies, and to urban agencies serving people who are traveling or have relocated from rural areas. The program was developed in response to the critical need for a stable system of behavioral health providers in rural Alaska by hiring, training, supporting, and supervising culturally competent village-based counselors and counselors that serve relocated villagers. This program provides the opportunity for rural people to achieve their goal of helping their own people. Training is provided through the Rural Human Services Training Program in the University of Alaska College of Rural Alaska from one of its designated Rural Human Services campuses and supports a range of degree programs from a two-year certificate to Masters Degree of Social Work.

**Assessment of Need:** This program seeks to address the problem of scarcity of counseling and crisis intervention resources in the villages of rural Alaska and to reduce the costly reliance on itinerant service providers and employees who come from outside of a community, only to stay a year or less. The goal of the project is to ensure there is "a counselor in every village" as well as secondary behavioral health specialists where needed to provide continuity of care and consistency in community-level services.

**Service Delivery Area:** Eligible applicants include rural substance abuse programs, community mental health centers, and other human services agencies, and to urban agencies serving people who have relocated from rural areas.

### Strategic Prevention Framework Partnerships for Success

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.37.030, AS 47.30.470

**Description of Services:** The Strategic Prevention Framework Partnerships for Success Grant (SPF-PFS) will build a solid foundation for delivering and sustaining effective substance abuse prevention services in Alaska. It will implement the Substance Abuse and Mental Health Services Administration's (SAMHSA) Strategic Prevention Framework (SPF) with the following goals:

- Enhance the state's established prevention system and infrastructure to prevent the onset and reduce the progression of the substance abuse priority areas across the state of Alaska
- Support and increase the infrastructure of high need communities' capacity to implement, sustain, and improve effective substance abuse prevention efforts at the local level
- Support and enhance the continuum of prevention services through data-driven practices in Alaska

The SPF is a data-driven planning model that will assist both the state and, in turn, community grantees to assess substance use data and capacity; develop a strategic plan to address those substance use issues; explore the consumption patterns, consequences, and related risk and protective factors contributing to the substance use/abuse; and implement evidence-based strategies to address the issues. This program will focus on data collection and assessment; coalition building; developing community and regional prevention capacity and infrastructure; monitoring and evaluation; and sustainability at the community and state levels beyond the federal grant.

**Assessment of Need:** Prescription drug misuse and abuse has increased and expanded across Alaska. Those unable to obtain prescription opioids may turn instead to heroin. Heroin is less expensive than purchasing pills illegally, and in some parts of the state heroin is much more accessible. The state will use data from the National Survey on Drug Use and Health and Youth Risk Behavior Survey, in addition to pertinent data on related consequences, to frame the SPF-PFS strategic plan.

**Service Delivery Area:** Statewide.

### Substance Abuse Treatment for OCS Engaged Parents - SAFERR

**Granting Authority:** 7AAC 78 - Grant Programs, AS47.30.520 – 620, the Community Mental Health Services Act; AS 47.37 the Uniform Alcoholism and Intoxication Treatment Act

**Description of Services:** To provide clinical treatment and recovery services to Office of Children's Services (OCS) engaged parents in the Matanuska-Susitna Borough whose substance abuse behavior is a contributing factor to a substantiated report of harm and/or continuing risk of harm to children in the home. Using and adapting the case management and/or treatment model of Screening & Assessment for Family Engagement, Retention & Recovery Services (SAFERR) enhances and supports the goals of keeping children in their home and ensuring family access to substance abuse treatment services.

**Assessment of Need:** Matanuska-Susitna Borough children are entering OCS custody at a higher rate, and leaving OCS custody at a slower rate, compared to the Anchorage area. In the past three years, the total number of children in State care in the borough has increased by 219% while in the same period the total number of children in State care in Anchorage decreased by 27%. By providing SAFERR services to families referred to the Division of Behavioral Health by OCS, these OCS child custody rates will decrease as those numbers have in Anchorage.

**Service Delivery Area:** Services will be provided within the boundaries of the Matanuska-Susitna Borough.

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.30.520-620, the Community Mental Health Services Act; AS 47.37 the Uniform Alcoholism and Intoxication Treatment Act

**Description of Services:** The Division of Behavioral Health (DBH) provides Case Management and Recovery Services (CM/RS) to referrals from the Office of Children's Services (OCS) in Anchorage, Fairbanks, and the Mat-Su Borough. CM/RS ensures quick access and linkage to screening, assessment and admission to substance abuse or co-occurring treatment services to family members of children in OCS custody.

**Assessment of Need:** Families of children in state's custody often have significant substance abuse histories with limited access to intervention services. Most clients will require access to residential and outpatient substance abuse or co-occurring treatment services using different strategies and models.

**Service Delivery Area:** Anchorage, Fairbanks, and the Mat-Su Borough. The three service areas are OCS -designated performance improvement sites.

### Supported Employment

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.30.520-620 Community Mental Health Services Act

**Description of Services:** This is an evidence-based program funded under the federal Community Mental Health Centers block grant. Services provided promote self-sufficiency among adults experiencing severe mental illness (SMI) and/or a co-occurring disorder related to substance abuse. Supported Employment is characterized by rapid placement into integrated employment settings of an individual's choosing and capabilities, with commensurate wages and long term supports as needed and wanted by an individual.

**Assessment of Need:** Supported employment is an evidence-based best practice with robust research demonstrating a correlation between employment and recovery from the most serious mental illnesses. Through this program, employment services have been developed to increase the number of clients engaging in supportive employment activities. It helps them attain independence, improve their quality of life, and attain employment that is beneficial to themselves, their families, and the community.

### Therapeutic Court

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.520-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act.

**Description of Services:** Under the Therapeutic Court Program, agencies provide a range of services integrating behavioral treatment, sanctions, and incentives with case processing. The focus is on a high-risk population of chronically dependent clients and/or individuals with a co-occurring mental health disorder.

**Assessment of Need:** Therapeutic courts seek to solve underlying problems that generate repeated encounters with the criminal justice and behavioral health system. In a 2007 report, Criminal Recidivism in Alaska, the Alaska Judicial Council found that graduates of three different therapeutic courts were rearrested and re-convicted far less frequently than comparison offenders. In the study, the Council followed graduates for one year after they completed their program and a comparison group of offenders for one year after they were released from serving their sentence.

**Service Delivery Area:** Anchorage, Palmer for individuals referred by the Therapeutic Courts.

### Trauma Informed Behavioral Health Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.520-620 Community Mental Health Services Act; AS 47.37 Uniform Alcoholism and Intoxication Treatment Act

**Description of Services:** Trauma informed generalized behavioral health and ancillary services for adult and child victims of domestic violence, sexual assault and other forms of interpersonal violence. Services are in partnership with local Domestic Violence and Sexual Assault (DVSA) agencies.

**Assessment of Need:** Local DVSA agencies frequently identify victims receiving services as needing follow-up behavioral health care, but lack access or financial resources. These individuals generally do not meet priority population eligibility criteria (an adult experiencing serious mental illness or child experiencing a severe emotional disturbance) at grant-funded Community Behavioral Health Centers.

**Service Delivery Area:** Statewide.

### Trauma Informed Training for Behavioral Health Providers

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.30 - AS 47.31

**Description of Services:** This component will implement a specialized trauma-informed curriculum (TIC) to assure that the community-based behavioral health providers integrate an understanding of trauma into their programs and therapeutic approaches. The successful applicant will implement a training, mentoring and on-going coaching model that helps embed newly learned skills into the "trainee agency" and support them through their transition.

**Assessment of Need:** Trauma is recognized as a significant factor in a wide range of health, behavioral health and social problems including heart disease, cancer, chronic lung disease, mental health and substance use disorders, violence victimization and perpetration, self-injury, homelessness, prostitution, delinquency and criminal behavior. Treating the individual to address these adverse events can reverse negative implications for them as they grow and learn. Failure to do so can be dangerous. This program will provide technical assistance and training to administrative staff regarding leadership elements of coordinating TIC services across community settings with multiple providers. Develop and facilitate an annual two-day training conference that coordinates with the Alaska Behavioral Health Association (ABHA) and provides funding for a minimum of one nationally known speaker on current policy issues, determined in concert with ABHA.

## Finance Management Services

### Community Initiative Matching Grants

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Community Initiative Matching Grants (CIMG) provide essential human services in close alignment with those of the Human Services Community Matching Grants (HSCMG). CIMG favors very basic essential human services: homeless shelters; soup kitchens and food banks; non-residential emergency shelters; outreach to homeless/homeless find; distribution centers for essential items such as sleeping bags and cold weather gear; and transportation vouchers/services supporting access to basic essential services and medical providers.

**Assessment of Need:** Program services are essential, mirroring the HSCMG definition in AS 29.60.650(1): lack of availability would subject persons needing the services to serious mental or physical hardship. The target population consists of families and individuals in need.

**Service Delivery Area:** Statewide, excluding those areas statutorily eligible for HSCMG: Municipality of Anchorage, and the Fairbanks North Star and Matanuska-Susitna Boroughs.

### Human Services Community Matching Grants

**Granting Authority:** 7AAC 78 - Grant Programs, AS 29.60.600 - 650, AS 47.75.060

**Description of Services:** The Human Services Community Matching Grants are made in accordance with AS 29.60.600, which authorizes the Department to award grants to qualified municipalities. Municipalities in turn purchase services through sub-grants with local non-profit agencies. These funds, by statute, are to provide essential human services whose unavailability would subject persons needing the services to serious mental or physical hardship. Some of the services that may be provided include substance abuse treatment, mental health services, food and shelter for low income families and individuals, housing and rehabilitation for the physically and mentally ill, runaway shelters, as well as sexual assault and domestic violence treatment.

**Assessment of Need:** Per AS 29.60.600 the municipality will consult with a citizen's advisory group and carry out a needs assessment to prioritize the proposed services that are necessary to prevent or alleviate serious mental or physical hardships for persons residing within the municipality or who travel to the municipality from elsewhere in the state. Applicants will be required to demonstrate that services provided under subawards are essential as statutorily defined.

**Service Delivery Area:** Current qualifying regions include Municipality of Anchorage, Mat-Su Borough and Fairbanks North Star Borough. The grantees are required to provide a match of 30% of the proposed project.

**RBB Framework:** Department Priorities

## Juvenile Justice

### Federal Formula Non-Secure Attendant Care Shelter

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.05.010(7), AS 47.14.010(6)

**Description of Services:** Non-secure attendant care shelters provide short-term staff-secure placement for referred youth and youth placed into protective custody until they can be safely released to a parent/guardian or transferred to a residential or juvenile detention facility. Referrals are made by the Division of Juvenile Justice's (DJJ) juvenile probation officers and by local judicial and law enforcement officers as well as schools. Shelter attendants provide one-to-one, same gender supervision to referred youth in staff-secure settings. Shelter service is available 24 hours per day and is provided within 45 minutes of notification of need. Shelter placements may not exceed 16 hours unless an extension is authorized.

**Assessment of Need:** The Federal Formula Grant Program makes funds available to states to improve juvenile justice systems and implement delinquency prevention and intervention strategies as mandated in the Juvenile Justice and Delinquency Prevention Act. In FY89, DJJ began using a portion of its Formula grant to support a statewide network of non-secure shelters. A strong and viable statewide system of non-secure shelters has been instrumental in reducing violations of the first three core mandates by providing temporary placement for youth placed in protective custody.

**Service Delivery Area:** Current utilization rates, DJJ juvenile delinquency data, and feedback gathered from DJJ field staff and community providers indicate the need for continued operation of the existing non-secure shelters. Closure of the Ketchikan Regional Youth Facility on September 15, 2016, results in a need for services in Ketchikan.

### Formula Title II Grant Program

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.14.010(6) General Powers of Department over Juvenile Institutions; AS 47.05.010(7) Duties of Department

**Description of Services:** The DJJ has traditionally given Formula Title II and Native American Pass Through (NAPT) funds directly to communities, with a focus on rural Native Alaskan communities. Both programs focus on the reduction of Native Alaskan youth in the DJJ system as well as delinquency prevention programming in keeping with the four core mandates of the Office of Juvenile Justice and Delinquency Prevention (OJJDP). Program services include pass through grant programs to Alaska Native communities that support the reduction of Alaska Native youth in the juvenile justice system and providing assistance to such communities in the areas of post-award program development, grant management and reporting.

**Assessment of Need:** As well as the disproportionate number of Alaska Native youth referred to the juvenile justice system, the recidivism rate for these youth is also higher than compared to other youth. The re-offense rate for Alaska Native youth released from formal probation supervision has been relatively constant from FY10-FY14, ranging from 44% - 54% compared with 35% - 43% for Caucasian youth. The re-offense rate for Alaska Native youth released from secure DJJ treatment over the last five years has ranged from 67% - 77%, holding at 73% for the last two years. This compares with 43% - 60% for Caucasian youth released from institutional treatment.

**Service Delivery Area:** These funds will be used statewide for distribution to rural Native Alaskan communities. Native American Pass Through monies will be distributed to those communities that have federally-recognized tribes with law enforcement functions.

### Youth Courts/Community Panels

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.14.010(6), AS 47.05.010(7) AS 04.16.050(b)(1) and AS 47.12.400

**Description of Services:** Services include case screening, adjudication, disposition, and case management for youth who are referred for non-violent first or second time misdemeanor offenses and/or status offenses. Youth courts/community panels may vary in composition according to youth court standards and community resources. They receive delinquency case referrals from DJJ field offices, local school districts, or from District Courts.

**Assessment of Need:** These grants are intended to supplement and broaden the range of accountability-based, restorative justice services for youth by providing early intervention diversion programs. Through the swift application of graduated responses, which work best in preventing, controlling, and reducing further delinquent behavior, everyone, including victims and communities benefits.

## Office of Children's Services

### Children's Advocacy Centers

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Children's Advocacy Centers (CACs) help to identify maltreated children and protect them from further harm; provide referrals, treatment and follow up; hold offenders accountable; and provide community outreach and education regarding child abuse. A comprehensive, child-centered response in suspected cases of child abuse includes the coordinated efforts of a multidisciplinary team (MDT) including law enforcement, district attorneys and the assistant attorney general's office, child protection, victim advocates, mental and medical health professionals.

**Assessment of Need:** Centers accept referrals of suspected sexual abuse and other severe abuse of children up to age 18. Most also accept referrals of developmentally disabled young adults and those with cognitive impairments such as Fetal Alcohol Spectrum Disorder.

Referrals continue to increase due the State's broad support for effective CACs and increased community awareness regarding child abuse and child sexual abuse. Current centers are stable but not self-sustaining. Emerging projects will build capacity by expanding the number of locales served and increasing the number of children receiving services in or near their home communities. This will also offer some cost savings to CACs currently serving children from outside the center's locale.

### Community Based Support Services to Promote Safe Children, Strong Families

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.10 Children in Need of Aid, AS 47.17 Child Protection, AS 47.05.010 Administration, Title IV-B Subpart 2 Sec. 430 [42.U.S.C. 629](a), Adoptions and Safe Families Act (ASFA 11/19/97).

**Description of Services:** These services are designed to help families and children living in Alaska who are at risk of out-of-home placement and/or children who are in out-of-home placement needing services to reunify with their families. This is a combination of services previously solicited through multiple Requests for Proposals. Services are outlined separately as Options: Option 1: Family Preservation services are provided to Office of Children's Services (OCS) involved families to prevent the transition of children to out-of-home settings and support the reunification process when children are returned home from an out-of-home placement. Option 2: Time Limited Family Reunification services are designed to provide ongoing family contact and transportation services for OCS involved families in the agency, home or community settings; and facilitate the reunification of the child with their biological parent(s). Option 3 : Family Contact Services Center services are designed to provide ongoing family contact and transportation services for OCS involved families needing higher levels of supervision in the agency setting; and facilitate the reunification of the child with their biological parent(s).

Applicants may choose multiple options from those available in their service delivery area.

**Assessment of Need:** OCS statistics show that children are being placed in out-of-home settings at nearly three times the rate that they are being discharged from OCS services.

**Service Delivery Area:** Family Preservation and Time Limited Family Reunification services are being solicited statewide. Family Contact Service Centers are being solicited only in Anchorage, Western and Southcentral regions of the Office of Children's Services (OCS) service area.

### Early Intervention for Young Children

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Early childhood mental health (ECMH) consultation, professional development, and technical assistance are provided to early childhood programs and Learning Networks. Screening services to identified children and families are included, followed by direct services based on screening results. Services under this program will also include the ECMH Technology Transfer project to provide technical assistance to two community behavioral health centers to embed or increase early childhood mental health services in their agencies. Assistance will include helping them assess and develop screening and assessment procedures, theories of change, billing mechanisms and documentation and quality improvement cycles and provide professional development on serving the target population.

**Assessment of Need:** The target population includes providers working with young children at risk of severe emotional disturbances. Services address the providers' need for the training and specific skills necessary to identify ECMH problems, intervene appropriately, serve at risk children in their natural environments, and support the children's families. The target population also includes children birth to five years meeting specific diagnostic criteria and/or at risk for loss of placement in an early childhood program or foster home.

This program furthers the recommendations in the DHSS Early Childhood Comprehensive Systems Plan by raising the level of competency within the system, increasing capacity and improving long-term outcomes.

**Service Delivery Area:** Anchorage/Matanuska-Susitna Valley, Fairbanks and Juneau. No more than three awards will be issued. The ECMH Technology Transfer services will be statewide and funds for that project will be awarded to only one of the three successful applicants.

### Emergency Shelter Services for Youth

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.40.011 Purchase of Services for Minors, AS 47.14.100 Powers and Duties of Department Over Care of Child, AS 47.10.011 Children in Need of Aid, 7 AAC 50.100 Community Care Licensing, and 7 AAC 50.615 Emergency Shelter Care for Runaway Children

**Description of Services:** Emergency Shelter Services are needed for homeless runaways and at-risk youth, ages 13–20. Services provided will consist of basic needs and will offer help with education, employment, health services, counseling and family mediation. Each youth in the program will be provided with a case manager who, along with the caseworker, will develop an individual case plan outlining goals the youth will work on while in the shelter.

**Assessment of Need:** Under AS 47.14.100 Powers and Duties of Department Over Care of Child, the Department must arrange for the care of every child committed to its custody by placing the child in a foster home or in the care of an agency or institution providing care for children inside or outside the state. The same statute allows the Department to pay necessary costs to ensure adequate care. Approval of this request will ensure that critical Emergency Shelter Services will continue to be available to the Department.

**Description of Services:** Family Support services are community based services that promote the safety and well being of children and families. The focus of the program is on primary and secondary prevention for young parents and families with children age birth to 12 years, or families who have a member who experiences a disability.

**Assessment of Need:** Office of Children's Services statistics reflects a high number of substantiated allegations for neglect, illustrating that families across the state of Alaska struggle to meet the basic needs of their families and children.

**Service Delivery Area:** Statewide.

### Permanent Families for Adoptive/Guardianship Children

**Granting Authority:** 7AAC 78 - Grant Programs, Federal Adoptions and Safe Families Act (ASFA, 1997), AS 25.23.100 - AS 25.23.150 and AS 47.10.080 - 10.088

**Description of Services:** Services are assessment of individuals or families identified as permanent homes for children in the custody of the Office of Children's Services (OCS). Assessments, or home studies, consist of background checks, home visits, interviews with each family member, interviews with collateral sources and references. The assessment also helps the family assess its own readiness and motivations for adoption/guardianship while providing education and preparation. All assessments are reviewed for approval by OCS Regional adoption staff.

**Assessment of Need:** OCS is required to complete a home study when a home is identified as a potential permanent placement and prior to the finalization of an adoption or guardianship of a child in care. In SFY2012 there were 2810 children in out of home placement with 693 legally free for adoption. There has been an average of 350 adoptions/guardianships each year for the last 5 years.

**Service Delivery Area:** Funds will be allocated in the five OCS service regions: Anchorage, Northern, Southcentral, Southeast, and Western.

**RBB Framework:** Department Priorities

### Resource Family Training

**Granting Authority:** 7AAC 78 - Grant Programs, Federal Title IV B Sub-part II, Federal Title IV-E training, AS 47.32.030 (E) Powers and duties of the department, delegation to municipality and 7 AAC 50.250 Orientation and training

**Description of Services:** Plan, develop and implement on-site and distance trainings utilizing self-study packets, video and audio tools, on-line resources and teleconferencing. Culturally appropriate training and support of rural resource families via Indian Child Welfare Act Workers or other community members identified by tribes and Office of Children's Services (OCS) staff is strongly emphasized. Provide a point of initial inquiry and contact for prospective resource families in Alaska.

**Assessment of Need:** The program's target populations are Alaska's potential Resource Families and current Resource Families providing foster care and/or pursuing adoption of children in out-of-home placement under OCS custody. The program meets Department needs for training and support of a continuous pool of safe, trained and culturally appropriate families with which to place children. The program provides, to foster parents in every Resource Family home, accessibility to training to meet minimum annual requirements established by 7 AAC 50.250(g).

Based on SFY11 data in the Online Resources for Children of Alaska database, OCS substantiated 2025 of the 16,178 Protective Services Reports received. In SFY 11, there were 2912 children in out-of-home placement. The number of children in out-of-home placement anticipates there will always be new Resource Families entering our system and in need of this training required for their important collaboration with OCS. In fiscal year 2011, there were 470 new Resource Families trained.

### Rural Child Welfare Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.05.010-15 (Duties of Department), AS 47.10 (Children in Need of Aid), AS 47.14.100 (Powers and duties of Department Over Care of Child), 47.17 (Child Protection), ACC 78 Department of Health & Social Services Grant Programs, US Code Title 25 Chapter 21 1901-1963 (Indian Child Welfare Act)

**Description of Services:** The services will support families at risk of involvement with the Office of Children's Services (OCS) or with whom OCS has an open case (either with or without legal custody). Providers will be expected to provide services necessary for case management, including but not limited to; service coordination, transportation, safety plan development and monitoring, family meetings, home visits to monitor safety, individualized parenting education, relative searches, foster parent recruitment, foster parent support, and family contact supervision.

**Assessment of Need:** Federal and state mandates require that OCS make efforts to maintain cultural and family continuity while serving children and families involved in the child welfare system. Additionally, the Indian Child Welfare Act (ICWA) requires additional mandates for Alaska Native children. Alaska has a disproportionate number of Alaskan Native children in the foster care system, and these cases require more intensive oversight and case management support. While many children reside in the urban hubs of Alaska, a significant percentage still reside in their rural communities of origin. In many of these areas, OCS must serve clients remotely and/or does not have a stable workforce to provide the close monitoring and support necessary to adequately meet the legal mandates needed to serve Alaskan Native families. We are seeking service providers with a demonstrated understanding of the ICWA, and an existing infrastructure in remote/local settings to provide culturally relevant intensive case management services.

**Service Delivery Area:** The service provider must be physically located in the communities where the services are to be offered. Targeted service areas are the OCS Northern, Western, Southcentral, and Southeast designated regions.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.2 Provide Quality of Life in a Safe Living Environment for Alaskans
- 3.2 Protect Vulnerable Alaskans

## Office of Children's Services

### Services for Adoption Support

**Granting Authority:** 7AAC 78 - Grant Programs, Federal Title IV B

**Description of Services:** This program will provide pre- and post-adoptive services in three basic categories: on-site and distance delivery of training in family preparation, special needs, and on-going training; adoption and guardianship crisis intervention and case management; and resource and referral services. Services provide a continuum of preparation and support for foster families who adopt or become the legal guardian of a child. While services are open to all adoptive or guardianship resource families in Alaska, most served will be caring for a child from the Office of Children's Services (OCS) foster care system.

**Assessment of Need:** The program's target populations are potential, current, and post-adoptive resource families of children that have been sexually abused, physically abused and/or neglected. The program meets Department needs for pre- and post-adoption support to a continuous pool of safe and culturally appropriate families in which to place children in our custody.

Based on data in the Online Resources for Children of Alaska (ORCA) database, In FY11 there were 2,912 children in out-of-home placement, with 700 currently legally free for adoption or legal guardianship. During FY11, the program had 1423 requests for services, including multiple service requests by some families. In the same period, OCS finalized 329 adoptions and 31 legal guardianships for children in foster care.

**Service Delivery Area:** Statewide.

### Alaska Food Coalition

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.27 Alaska Temporary Assistance Program

**Description of Services:** The Alaska Food Coalition (AFC) program plays a role in national hunger advocacy efforts through education on hunger and good nutrition through Food Stamp, Senior Benefits and Alaska Temporary Assistance Program outreach. The program provides information to potentially eligible low income persons and families about the benefits of the services, screens for eligibility, provides assistance with gathering documents and completing applications. The grantee will also procure food and commodities for nutrition education classes and help feed hungry Alaskans year-round, with a special effort made during the holidays.

**Assessment of Need:** Alaska's poverty rate is 9.3% and the National Center for Educational Statistics notes that 1 of every 7 children in Alaska lives in poverty. Over 200 communities will benefit from the Alaska Food Coalition program. Population and poverty levels will be used as a guideline to target those in need.

### Child Care Assistance

**Granting Authority:** 7AAC 78 - Grant Programs, 45 CFR Parts 98 and 99 Child Care and Development Fund, AS 47.25 Public Assistance, AS 47.25.071 Child Care Grant Programs, and 7 AAC 41 Child Care Assistance Program

**Description of Services:** Grantees will determine eligibility for child care providers and families seeking to participate in the Child Care Assistance Program (CCAP); specifically, the Parents Achieving Self-Sufficiency (PASS) Programs. Grantees will also verify payments to providers participating in PASS I, II and III and monitor compliance with program requirements.

**Assessment of Need:** Services are provided for low-moderate income eligible families, enabling parents to attain self-sufficiency by subsidizing the cost of child care, and assisting individuals interested in participating as an eligible provider in the CCAP.

### Child Care Licensing

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.32.030 Powers of the Department, Delegation to a Municipality, AS 29.10.010 Municipal Charter Adoption, AS 29.35.200 First Class Borough Powers

**Description of Services:** Child Care Licensing Program services include: processing applications; determining provider eligibility; obtaining valid criminal history and child protection check results on providers; announced and unannounced visits to child care facilities for initial, annual and renewal inspections; investigation procedures for licensed and approved providers in the Municipality of Anchorage (MOA), and all administrative hearing practices for the providers in the MOA.

The department retains overall responsibility for the management of child care licensing efforts in the state. This involves promulgating rules and regulations governing the program, overseeing the expenditure of funds by the grantee, monitoring services, and ensuring the grantee operates within their scope of work. The Municipality of Anchorage promulgates municipal child care codes that, at a minimum, must meet state regulations.

**Assessment of Need:** The intent of the Child Care Licensing Program is to reduce the risk of predictable harm to children and support services to child care providers. In accordance with AS 47.32.030, the department may delegate its powers relating to licensure of child care facilities to a municipality that has adopted an ordinance providing for child care licensing under the home rule powers under AS 29.10.010 or as authorized under AS 29.35.200-29.35.210. These powers have been delegated to the Municipality of Anchorage since 1998.

**Service Delivery Area:** The Municipality of Anchorage (MOA) is the only entity that qualifies under the provisions of AS 47.32.030.

### Child Care Resource and Referral

**Granting Authority:** 7AAC 78 - Grant Programs, 45 CFR Parts 98 and 99 Child Care and Development Fund, AS 47.25.001 Day Care Assistance and Child Care Grants

**Description of Services:** Grant program services include supporting families through the operation of a child care referral and consumer education services, and supporting existing and prospective programs that care for and educate children through professional development and assistance to increase the availability, affordability, and quality of child care.

**Assessment of Need:** The Department of Health and Social Services is designated as the lead State agency for receipt of the federal Child Care and Development Funds (CCDF). Most of these funds are designated for child care assistance for eligible families; however, a portion of these funds may be used to improve the quality of child care within the State, which is the primary purpose of the CCR&R grant. To this end, the CCR&R is engaged in:

1. Referral services to families seeking child care.
2. Professional training and technical assistance for child care providers.
3. Consumer education to parents and the public.
4. Increasing child care infrastructure.

**Service Delivery Area:** The grantee provides offices in Anchorage, Fairbanks and Juneau. Services are also available via the grantee's website or the statewide toll free telephone number.

### Commodity Supplemental Food

**Granting Authority:** 7AAC 78 - Grant Programs, Federal regulations - 7 CFR Part 247; CSFP State plan

**Description of Services:** The goals of the program are to increase access to nutritious foods for the low-income elderly over age 60 and positively increase food security and nutrition knowledge among Alaskan senior households. Grantees will 1) order, house, package and distribute the United States Department of Agriculture's (USDA) commodity foods; 2) process applications and offer commodity food boxes to eligible seniors monthly; 3) provide information about commodity foods, nutrition education, and referrals to other health resources; 4) be located in a heavily populated area and have road system access; 5) have an established on-site warehouse system able to store three months' supply of USDA commodities; 6) order, re-pack and distribute the commodities.

**Assessment of Need:** Low-income senior citizens in Alaska are at a nutritional risk because they may not get enough food to eat. The relative need among geographic areas and populations for expanding or providing services is evaluated by determining the percentage of seniors whose income is 130% of the federal poverty level.

**Service Delivery Area:** Anchorage, Kenai Peninsula, Fairbanks and some outlying communities when transportation is donated or otherwise provided.

### Families First Work Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.27.005 Duties of the Department, AS 47.27.030 Family Self-Sufficiency Services

**Description of Services:** Services are provided to Alaska Temporary Assistance Program (ATAP) applicants and recipients to support them in increasing their self-sufficiency, work readiness, and attaining employment. Grantees will help the family coordinate multiple agency plans and activities, access health, behavioral health, and domestic violence services, and partner with state and community agencies to ensure the family is making progress.

**Assessment of Need:** UAA Institute for Circumpolar Health Studies findings show there are two primary groups of families receiving ATAP - those who have relatively few challenges and need only short-term services to get a job and close their ATAP case and those who have many challenges and long-term dependence on assistance. The target population are those families referred by DPA with parents experiencing multiple or profound challenges to getting and keeping a job, or a significantly reduced capacity to participate in activities full time.

### Native Employment Work Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.27 Alaska Temporary Assistance Program, AS 47.27.50 Grants and Contracts for Services

**Description of Services:** This grant provides funding to develop work experience opportunities in remote villages, increasing program capacity to support Alaska Temporary Assistance Program (ATAP) Work Services participants as they prepare and engage in work and work experience placements.

**Assessment of Need:** The Administration for Children and Families (ACF) sets standards for parents receiving Temporary Assistance for Needy Families (TANF) benefits for participating in work or community work experience activities and the hours of participation. States that don't meet the federally mandated participation rate targets are subject to financial penalties; this grant will help avoid significant financial penalties. Families in remote villages outside the central hub communities have very limited opportunities for potential work experience placements and other "countable" activities. Kawerak NEWS helps to support this need within the culture of the majority of the remote villages.

**Service Delivery Area:** Services are provided in the villages of the Nome Census Area.

### Native Family Assistance

**Granting Authority:** 7AAC 78 - Grant Programs, 45 CFR 286 Tribal TANF Provisions, 42 USC 612 Direct Funding and Administration by Indian Tribes, AS 47.27.070 Alaska Native Organizations' Family Assistance Programs, AS 47.27.200 Alaska Native Family Assistance Grants, AS 47.27.300 Regional Public Assistance Programs

**Description of Services:** The Native Family Assistance Program (NFAP) grant supplements federal funds as part of the State of Alaska (SOA) Maintenance of Effort (MOE), and will be used by potential grantees to pay benefits directly to eligible families to assist them in moving from reliance on welfare to self sufficiency through employment. Grant funds may also be used to provide supportive services to eligible families, as well as diversion to families that appear eligible in order to prevent them from coming onto assistance. In essence, these grants are a transfer of payments from the Alaska Temporary Assistance Program (ATAP) to the Native Family Assistance Program. Three of the grantees operate a regional family assistance program, serving all eligible families, including non-Native beneficiaries, in their service area.

**Assessment of Need:** 42 USC 612 authorizes Alaska Native organizations that formerly operated a Native JOBS program to develop and administer Native Family Assistance Programs and to receive Temporary Assistance to Needy Families (TANF) funding directly from the federal government for their service area (cash assistance as well as employment programs).

**Service Delivery Area:** Service areas are defined by the boundaries of each of the eligible Alaska Native Entity responsible for the administration of a Native Family Assistance Program and are included in their federally approved plans.

### Senior Farmers Market Nutrition

**Granting Authority:** 7AAC 78 - Grant Programs, 15 U.S.C. 714c (e) Sec. 5 (e) Increase the domestic consumption of agricultural commodities by expanding or aiding in the expansion of domestic markets

**Description of Services:** The goals of the program are to 1) provide low-income seniors coupons worth \$25-50 that can be redeemed at participating individual farmers, farmers' markets, and roadside stands; 2) increase consumption of agricultural commodities by expanding or aiding in the expansion of domestic farmers' markets, roadside stands and 3) develop or aid in the development of new and additional farmers' markets, roadside stands, and individual farmers participating in the program. Grantees will reimburse state approved farmers for redeemed coupons.

**Assessment of Need:** Senior citizens in the United States do not consume enough fresh fruits and vegetables. The United States Department of Agriculture's Food and Nutrition Services awards grant funds to provide coupons to low-income seniors that they may exchange for nutritious and unprocessed locally grown fresh fruits, vegetables, berries, and herbs at farmers' market and roadside stands.

### Special Supplemental Nutrition Program for Women, Infants and Children (WIC)

**Granting Authority:** 7AAC 78 - Grant Programs, USDA Regulations 7 CFR Part 246

**Description of Services:** The Women, Infants and Children (WIC) program provides nutrition assessment services, nutrition education, breastfeeding guidance and support, free supplemental foods that contain key nutrients often lacking in the diets of the target population, and referral for health and social services. WIC services are combined with pediatric and prenatal services wherever possible. A portion of funds are also issued under this GPA to initiate upgrades to equipment, facilities or infrastructure, including piloting new technologies and other United States Department of Agriculture (USDA) priorities, enhancing nutrition education resources, and other projects to enhance and expand services.

**Assessment of Need:** The WIC Program currently serves approximately 21,000 women, infants and children through 13 grantees at 23 fixed clinic locations with 235 additional communities served on an itinerant basis. With declining federal revenues for the program, and the need to ensure continuing and more effective service delivery with those reduced resources, the WIC program has been implementing changes to help protect the integrity of services. In FY 14, the WIC Program proposed changes to the service infrastructure in order to achieve four primary goals: 1) Attain grantee administrative and service delivery cost efficiencies; 2) Increase grantee staff resources available for direct services; 3) Target underserved populations; 4) Increase compliance with federal standards on WIC nutrition services.

## Public Assistance

### Supplemental Nutrition Assistance Program Education

**Granting Authority:** 7AAC 78 - Grant Programs, 7 CFR 272.2(e) Supplemental Requirements

**Description of Services:** The Healthy, Hunger-Free Kids Act of 2010 (Public Law 111-296), section 241, established SNAP-ED as the Nutrition Education and Obesity Prevention Grant Program. Activities must be evidenced-based and delivered through individual or group-based strategies, comprehensive multi-level interventions, and/or community and public health approaches. SNAP-ED efforts may also address environmental and policy-level interventions. National, State, and local coordination and collaboration is strongly encouraged and recommended.

**Assessment of Need:** In an effort to expand activities, leverage limited funding by identifying communities with limited access to health or physical information, and reduce prevalence of obesity on low-income areas, SNAP-ED was incorporated into Family Nutrition Programs. A needs assessment was conducted to identify regions of the state with the highest need for SNAP-ED services, the nutrition concerns in those areas, and recommend best strategies of delivering the nutrition messages.

**Service Delivery Area:** Statewide; however, applicants proposing to serve one or more of the following priority areas identified below by the SNAP-ED needs assessment will receive a preference.

1. Bethel Census Area
2. Matanuska-Susitna Borough
3. Municipality of Anchorage
4. Kenai Peninsula Borough
5. Nome Census Area

### The Children's Place

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.27 Alaska Temporary Assistance Program, 7 AAC 41 Child Assistance Program

**Description of Services:** This program, formerly known as the Gambell Job Center Child Care, provides drop in child care for parents accessing Division of Public Assistance (DPA) services. It also provides consumer information regarding child care to families and provides training to Alaska Temporary Assistance Program (ATAP) clients seeking employment in the child care industry.

**Assessment of Need:** In 2000, the Gambell Public Assistance Office was remodeled to include a small drop in child care facility to test the effectiveness of such a program in Alaska's largest DPA office. The original intent was, if successful, the program could be expanded to other DPA offices. The program has exceeded expectations; however, additional funding is not available to expand to other DPA offices at this time. The Division recommends continuation of the program in its current form until, and if, additional funding becomes available.

### Transportation Services

**Granting Authority:** 7AAC 78 - Grant Programs, 42 USC 601 Block Grants to States for Temporary Assistance to Needy Families, PL 104-193 Personal Responsibility and Work Opportunity Reconciliation Act of 1996, AS 47.27 Alaska Temporary Assistance Program

**Description of Services:** The Division of Public Assistance (DPA) Transportation Services Grant Program is designed to provide transportation support to DPA Alaska Temporary Assistance Program (ATAP) clients who need the service to pursue work and other activities that help them toward self-sufficiency.

**Assessment of Need:** Accessible, reliable transportation remains out of reach for many of Alaska's Temporary Assistance clients. The Kenai and Mat-Su communities have limited resources to devote towards public transportation and need alternatives for families unable to afford a vehicle for personal use. This grant is to help ATAP clients meet their transportation needs.

**Service Delivery Area:** Up to two grants will be funded in the Matanuska-Susitna and Kenai Peninsula areas.

### Anchorage Project Access

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Nationally, Project Access is a proven template for health care delivery for the uninsured in which health care practitioners provide free care to a limited number of low-income uninsured individuals each year, improving health outcomes and reducing emergency room charity care costs. Patients are screened for income eligibility and cannot be eligible for other programs.

**Assessment of Need:** Based on findings from the 2012 Alaska Behavioral Risk Factor Surveillance System Survey, 21.3% of Anchorage/Mat-Su residents 18 years of age and older had no health care coverage as compared to 20.4% statewide.

**Service Delivery Area:** Anchorage and Mat-Su

### Clinical Family Planning Services (Title X)

**Granting Authority:** 7AAC 78 - Grant Programs, Title X grants are not authorized as part of the Patient Protection and Affordable Care Act.

**Description of Services:** This program provides funding to qualified applicants to offer low-cost, confidential, clinical reproductive health and family planning services to low-income women and men residing on the lower Kenai Peninsula. Services must include, but are not limited to: comprehensive reproductive health exams, clinical breast examinations, Pap smear screening and pelvic examinations, pregnancy testing, counseling and screening for sexually transmitted diseases and counseling and provision of contraceptive methods. In addition to clinical services, the qualified applicant must offer client education and referral to other local agencies for all pregnancy options and for sterilizations and other clinical procedures and screening or diagnostic tests not performed on site. The broad range of services paid for with Title X monies strictly prohibits abortion as a method of family planning. As a recipient of federal Title X funding, the clinical services provider must follow Title X policies and procedures for determining eligibility and enrolling women and men for discounted services, as well as meeting the Title X Program requirements of a clinical services delivery site.

**Assessment of Need:** The Kenai Peninsula census area has among the highest number of unintended births in the state. Planned Parenthood of Alaska operates a Title X-funded clinic in Soldotna, located on the upper Kenai Peninsula, offering low-cost, high quality clinical family planning services to low income women and men residing in the surrounding communities. The Department seeks a family planning services provider to offer comparable services to low income women and men on the lower Kenai Peninsula and surrounding areas.

**Service Delivery Area:** The funds from this program target the lower Kenai Peninsula, which includes Homer and the surrounding communities.

**RBB Framework:** Department Priorities

### Community Health Aide Training and Supervision

**Granting Authority:** 7AAC 78 - Grant Programs, AS 18.28.010 – AS 18.28.100

**Description of Services:** Community Health Aides (CHAs) and Community Health Practitioners (CHPs) are the principal providers of health services at the village level. CHAs are responsible for giving first aid in emergencies, examining the ill, reporting symptoms to the physician and carrying out the recommended treatment. CHPs provide primary health care and preventive health services. The program provides funds for CHAs to complete 2,500 training courses, including CHA training, ETT/EMT training, and continuing education. CHA supervisors are expected to make over 15,000 contacts with CHAs as part of training and supervision. CHAs are expected to have close to 300,000 patient encounters during each fiscal year.

**Assessment of Need:** CHAs and CHPs will target isolated communities of rural Alaska where more advanced medical personnel are unavailable. There are currently 180 tribally operated village-built clinics employing approximately 500 CHA/Ps. CHA/Ps are employed by 30 tribes or tribal organizations serving 130,000 Alaska Natives. CHA/Ps provide health care in accordance with the CHAP Certification Board Standards and Procedures and the Community Health Aide Manual (CHAM). The reported rate of CHA/P certification as of June 2014, was 88%; the rate of certification has been at or higher than 80% since October 2006 (*Community Health Aide Program Certification Board, Historical Community Health Aides/Practitioners Certification Rates, October 2013*).

### Community Health Centers - Senior Access Program

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** The goal of the Community Health Centers - Senior Access Program (CHC-SAP) is to increase access and delivery of primary care to Alaska seniors (persons age 65 years and older) through Alaska's Community Health Centers (CHCs). Funding is to help alleviate strain on CHCs resulting from medical homes for seniors who have been refused care by private practice physicians due to low Medicare reimbursement rates.

**Assessment of Need:** In this current and growing primary care crisis for seniors with Medicare as primary insurer, seniors are being refused care by physicians due to Medicare's low reimbursement rate. In some parts of Alaska, CHCs are often the only providers available and/or willing to see Medicare patients. CHCs served 5,468 Alaskans age 65 and over in 2005. In 2013, CHCs served 9,557 older adults aged 65 and over, comprising 9.5% of the total patients served at CHCs. From 2011-2013 there was a 7.6% increase in the number of older adults seen at CHCs. In 2013, CHCs served 8,500 Medicare recipients, about 12% of all Medicare enrollees in Alaska.

**Service Delivery Area:** Statewide by catchment areas of participating Section 330 CHCs.

### Emergency Medical Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 18.08.010

**Description of Services:** Under the program, grantees identify and prioritize rural and urban EMS needs, training, testing, and other EMS system development services through input from EMS providers, communications experts, physicians, medical directors, and nurses.

**Assessment of Need:** The EMS grant helps meet the needs of EMS services through specialized training and certification of all levels of EMS providers; through development and maintenance of the EMS continuum of care; and through assistance with the EMS aspects of disaster planning. The grants also support public education, public policy, and environmental changes of targeted injury prevention when possible.

### Healthy Start

**Granting Authority:** 7AAC 78 - Grant Programs, 7 AAC 78, 050 and the Federal Public Health Service Act Title III, Part D, Section 330H (42 U.S.C. 254 c-8). This federal grant awarded for five years was not authorized under the Affordable Care Act of 2010.

**Description of Services:** The Division of Public Health/Section of Women, Children's and Family Health seeks to establish partnerships with non-profit service providers/agencies, or federally recognized tribal entities in Alaska to implement an infant mortality reduction project focused on high risk pregnancy and parenting women and families, especially those affected by behavioral health problems. Eligible areas based on Healthy Start criteria are: the Yukon-Koyukuk census area, Nome census area, and the Yukon-Kuskokwim and Wade Hampton census areas. The Alaska Healthy Start project will provide outreach and home visiting services using an enhanced case management model to , conduct group health education sessions, establish a consortium of local stakeholders to assure required community input, and develop a local health area action plan.

**Assessment of Need:** Women and infants in many rural areas of Alaska, where most residents are Alaska Native, experience a disproportionate burden of perinatal health problems. Alaska Native women, especially those living in the northern and southwest regions of the state, are more likely to have babies that die before their first birthdays, are born preterm, or are born with FASD or a major birth defect. These women are less likely to get early and adequate prenatal care and more likely to use tobacco (including smokeless tobacco) and alcohol during and after pregnancy, including binge drinking. They are more likely to be overweight or obese, report postpartum depression, smoke postpartum, and experience physical abuse by a husband or partner. These women and families are mostly poor and many women lack a high school education or supportive partner.

**Service Delivery Area:** Eligible communities are the Norton Sound Census Area, Yukon-Koyukuk Census Area, and the Bethel and Wade Hampton Census Areas.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

Department Core Services

- 1.1 Protect and Promote the Health of Alaskans
- 3.2 Protect Vulnerable Alaskans

### HIV/AIDS Care/Ryan White

**Granting Authority:** 7AAC 78 - Grant Programs, Public Health Services Act, sections 2611-23; and AS 44.29.020.

**Description of Services:** The State uses these funds to provide grants to community agencies enhancing access to a comprehensive continuum of high quality, community-based care for low-income individuals and families living with HIV, including access to medications and purchase of health insurance. Services provided by funded agencies include: 1) medical case management; 2) purchase of high-priority outpatient medical/dental and supportive services, and 3) access to medication as well as health insurance for eligible individuals.

**Assessment of Need:** Many individuals and families living with HIV have limited financial and social resources for addressing medical and other needs associated with HIV. Ryan White HIV/AIDS Program helps people living with HIV access medical care and services they cannot otherwise afford.

**Service Delivery Area:** Service delivery area is statewide. State grantees are required by the federal funding agency to be entities with access to and a history of service to persons living with HIV.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span

Department Core Services

**Granting Authority:** 7AAC 78 - Grant Programs, Public Health Service Act, Section 201, 42 U.S.C. 241; Alaska HIV Prevention Plan, AS 44.29.020.

**Description of Services:** Services include one or more of the following interventions newly required by the Centers for Disease Control and Prevention (CDC): 1) HIV testing; 2) prevention with positives; and 3) condom distribution. Services also to be provided are evidence-based behavioral and social marketing interventions recommended by the Centers for Disease Control and Prevention (CDC).

**Assessment of Need:** The HIV/STD Program, in conjunction with the HIV Prevention Planning Group, identified priority target populations based on epidemiological data. The interventions identified and required and the evidence-based behavioral and social marketing interventions recommended by CDC will be targeted to the priority populations identified in the epidemiological data and provided Statewide (with the majority of funding going to Anchorage as described below).

**Service Delivery Area:** Statewide.

### Parent Navigation

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Parent Navigation services provide support and assistance to families of children with cleft lip/palate, hearing loss or deafness, or autism and other co-occurring neurodevelopmental disorders. Services support families from the initial screening through diagnostic evaluation and assist with identifying treatment and payment options.

**Assessment of Need:** Parent Navigation links families with trained parents who have experienced having children with similar conditions. Families benefit from Parent Navigation support and experience improved outcomes for children and youth with special health care needs through facilitated linkage with community providers and resources.

**Service Delivery Area:** Services are available statewide through clinics held in Anchorage and Fairbanks for cleft lip/palate, and several communities around the state for autism screening. There are no formal clinics for hearing screening.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span
- 2 Health Care Access, Delivery & Value

### Primary Prevention of Sexual Violence

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** The grant will provide for the delivery of sexual violence primary prevention activities aligned with federal CDC Rape Prevention and Education Program. Sexual violence prevention interventions will use an evidence-based process for strategy selection and the use of a public health approach.

**Assessment of Need:** Based on US Department of Justice Federal Bureau of Investigation data in 2012 Alaska had the highest rate of forcible rape in the nation, at 79.7 reported offenses per 100,000 Alaskans. A 2010 survey conducted by the University of Alaska Anchorage Justice Center found that 37.1% of Alaskan women reported some level of sexual victimization in their lifetime. In the 2013 bi-annual Youth Risk Behavior Survey of Alaska's high school students, Alaska's traditional high school students reported 9.3% were forced to have unwanted sexual activity. These sources indicate a high level of need for primary prevention activities to prevent sexual assault in Alaska's youth.

### Public Health Nursing

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** Public health nurses are expected to provide population and systems based health promotion and disease prevention services to communities and regions, and direct clinical preventive services to individuals and families. Services include prevention and control of infectious and non-infectious diseases through immunizations, screening, testing, treatment, contact investigation, education and outreach; public health emergency preparedness and response activities; outreach to families and children at medical and social risk; referral and linking of individuals and families with needed services; and direct provision of health services when they are otherwise unavailable.

**Assessment of Need:** Currently we do not have state-run public health centers in the proposed service delivery areas. The Municipality of Anchorage, North Slope Borough, and Maniilaq Association, are the only organized governing bodies vested with health powers that serve each of these geographical areas. Grants with these three governing bodies are deemed the most effective and appropriate means of providing area-wide public health nursing services. A disruption in the delivery of these services would place residents at increased risk of infectious disease and would reduce preventive health services available to high-risk/medically underserved women and young children.

**Service Delivery Area:** The Municipality of Anchorage proposed service delivery area includes the Municipality of Anchorage and the Girdwood, Eagle River, and Chugiak communities. The North Slope Borough proposed service delivery area includes the community of Barrow and the villages of Atkasuk, Kaktovik, Nuiqsut, Point Lay, and Wainwright. The Maniilaq Association proposed service delivery area includes populations of the City of Kotzebue, and the villages of Ambler, Buckland, Deering, Kiana, Kivalina, Kobuk, Noatak, Noorvik, Selawick, Point Hope, and Shungnak.

**RBB Framework:** Department Priorities

### Public Health Preparedness and Response for Bioterrorism

**Granting Authority:** 7AAC 78 - Grant Programs, AS 44.29.020; PHS 309(A) 317(K)(1)(2) 319; 42 USC 241(A); 42 USC 247d-3a

**Description of Services:** Organizations receiving grants under this program will increase preparedness for and response to public health emergencies and disasters and participate in the development of a statewide assessment of needs, development of coordinated emergency plans, and implementation of the 15 Centers for Disease Control and Prevention (CDC) target capabilities. The 15 target capabilities are Community Preparedness, Community Recovery, Emergency Operations Coordination, Emergency Public Information and Warning, Fatality Management, Information Sharing, Mass Care, Medical Countermeasure Dispensing, Medical Material Management and Distribution, Medical Surge, Non-Pharmaceutical Interventions, Public Health Laboratory Testing, Public Health Surveillance and Epidemiological Investigation, Responder Safety and Health, and Volunteer Management. Through a federal grant from the CDC, two grants will be awarded to support the implementation of the 15 CDC target capabilities for Alaska Native healthcare facilities and communities and the local health department, recognized by the Citizens Readiness Initiatives, Metropolitan Service Area.

**Assessment of Need:** The threat of a public health emergency or disaster involving natural and technological hazards - including the events of September 11, 2001, Hurricane Katrina 2006, Eagle flooding 2009, H1N1 pandemic 2009/2010, and the 2011 Japan earthquake/tsunami and nuclear meltdown have put extraordinary pressures on the public health system to be ready to respond to a large scale emergency. The impact of a potential catastrophic event on individuals and communities can be minimized by a coordinated emergency response plan and the development of the 15 CDC target capabilities. Alaska's ability to actively respond to a pandemic or natural disaster and rapidly communicate with other partnering agencies involved in the response efforts is imperative.

**Service Delivery Area:** Target groups for this grant program are Alaska Native healthcare facilities and the people they serve and the population within and surround the Municipality of Anchorage.

**RBB Framework:** Department Priorities

- 1 Health & Wellness Across the Life Span
- 3 Safe & Responsible Individuals, Families & Communities

### Rural Veterans Health Access Program Tele-Health Pilot Project

**Granting Authority:** 7AAC 78 - Grant Programs, SSA, P.L. 112-74 section 1820 (g) (6)

**Description of Services:** The Division of Public Health, Section of Health Planning & Systems Development's Rural Veterans' Health Access Program Tele-Health Pilot Project (RVHAP) establishes a multi-site pilot tele-health network and improves existing networks of Community Health Centers (CHCs), Community Mental Health Centers (CMHCs) and Critical Access Hospitals (CAHs) for rural veteran care coordination between providers and the Alaska Veterans' Affairs Healthcare System & Regional Office (AVA).

**Assessment of Need:** Alaska has the most veterans per capita of any US state. Many Alaska veterans live in rural and remote communities and have significant need, but limited access, to health care and behavioral health services from the Veterans Administration (VA). Tele-health and tele-behavioral health is an effective and possibly cost-effective means to increase access and quality of care to veterans and other rural residents.

**Service Delivery Area:** RVHAP has piloted sites in Southeast Alaska and will now expand to serve rural communities not only in the SE region but also statewide. This is based on the Division of Behavioral Health's Community Planning & Service Area list and primary care tele-health needs.

**RBB Framework:** Department Priorities

### Teen and Unintended Pregnancy Prevention

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** This grant's intent is to implement non-marital pregnancy prevention projects designed to educate providers and young men and women about the prevention of non-marital pregnancies using abstinence primary messages as appropriate. Grantees will work collaboratively with health care providers, health educators and at risk men and women.

**Assessment of Need:** Non-marital pregnancy is associated with several critical social issues including poverty, lack of education, and child welfare. In some rural Alaska communities, the percentage of non-marital births is extremely high.

**Service Delivery Area:** Applications will be accepted from organizations throughout Alaska. Services will be provided by two partner agencies working in regions of the state with high percentages of non-marital births.

### Tobacco Prevention and Control (Community Based Grants)

**Granting Authority:** 7AAC 78 - Grant Programs, AS 44.29.020; AS 47.05.010

**Description of Services:** Through recommendations in the Centers for Disease Control and Prevention's (CDC) Best Practices for Comprehensive Tobacco Control Programs the Tobacco Prevention and Control (TPC) Community Grant Program is intended to: prevent initiation of tobacco use among youth, eliminate exposure to secondhand smoke, promote tobacco cessation among youth and adults, and identify and eliminate tobacco-related disparities. Each grantee will work to provide comprehensive services in their region and collaborate with other TPC funded agencies or partners.

**Assessment of Need:** Comprehensive TPCs in communities across the state are a proven effective means to reduce the death, disability, and economic burden caused by tobacco use.

**Service Delivery Area:** Proposed service delivery is statewide. TPC anticipates funding approximately three (3) grantees per Public Health Labor Market Region and two (2) statewide grantees, for a total of 20 grantees. Funding preference will be given to agencies that serve geographically large areas, to TPC identified priority populations, and have a history of collaboration across the region.

### Youth Pregnancy and Violence Prevention

**Granting Authority:** 7AAC 78 - Grant Programs

**Description of Services:** This grant administers mini grants to youth groups in Alaska designed to strengthen and increase positive experiences that prevent teen pregnancies, promote healthy relationships, and empower young Alaskans to develop into healthy, respectful, caring, and responsible citizens.

**Assessment of Need:** Teen pregnancy is associated with several critical social issues including poverty, lack of education, child welfare and out-of-wedlock births. In addition, teens who have been victims of child abuse or intimate partner violence are more likely to have an unintended pregnancy and to engage in sexual risk behaviors.

**Service Delivery Area:** Rural Alaska

### Adult Day Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.05.010 (17) Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults; 7 AAC 130.200-319 Medicaid Home and Community Based Waiver Services

**Description of Services:** Adult Day services (ADS) provide an organized program of services during the day in a facility-based group setting, including supervision and a secure environment for individuals who experience Alzheimer's Disease and Related Disorders (ADRD), physical, emotional and/or other cognitive impairments. Services incorporate person-centered planning approaches in response to an evaluation of the person's functional health, social needs and interests. ADS programs are non-residential and occur during part of a day but less than 24 hours per day.

**Assessment of Need:** ADS provides supervised care during the day to eligible individuals at risk for institutionalization. Services provide therapeutic activities and supports that maintain or increase optimal mental and physical functioning. Additionally, services provide respite to caregivers to support continuing care at home, forestalling or avoiding the need for institutionalization. Expansion of Adult Day services is needed to meet the needs of the increasing number of seniors with ADRD.

### Aging and Disability Resource Centers and Medicare Counseling and Outreach

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.24 Protection of Vulnerable Adults and AS 47.65 Service Programs for Older Alaskans and Other Adults, Federal authorization: PL 101-508 codified at 42 USC 1395 b-4, Section 4360 of Omnibus Budget Reconciliation Act of 1990

**Description of Services:** Aging and Disability Resource Centers (ADRC) serve as an unbiased resource for information and assistance related to Long Term Services and Supports to seniors, people with disabilities, and to their caregivers and families. Core functions include information, referral and assistance, Options Counseling, streamlined benefits screening, and person-centered transition support, as well as outreach and training.

Medicare Counseling and Outreach (MCO) services provide coordination of Medicare outreach, counseling, and referral, and data-entry activities consistent with the State Health Insurance Assistance Program and Senior Medicare Patrol grants.

**Assessment of Need:** With a growing senior population and rising costs for long term support services, the need for easily accessible, unbiased information, as well as expertise concerning available options and supported decision making, is an increasingly essential service.

**Service Delivery Area:** ADRCs currently serve Anchorage; Kenai/Valdez/Cordova; Southeast Alaska; Bristol Bay/Kodiak and Matanuska-Susitna Borough, with the potential to expand to other regions that complete the rigorous community planning process, should funding become available.

MCO serves highly populated areas of the state, including Anchorage, Fairbanks, Kenai/Valdez/Cordova, Southeast Alaska and Matanuska-Susitna Borough, expanding as funds are available.

### Alaska State School for Deaf and Hard of Hearing Student Life Program

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.80 Persons with Disabilities

**Description of Services:** This program provides outreach, transportation, and housing utilizing "host families" for students attending the Alaska State School for Deaf and Hard of Hearing (ASSDHH). Additionally, the Student Life Center (SLC) supports "host families" by providing training, assistance meeting licensing requirements, stipends, and respite. Services are provided 24 hours a day, seven days a week during the academic year.

**Assessment of Need:** Students from all over the state attend the Alaska State School for Deaf and Hard of Hearing and the SLC provides essential services to ensure students from rural areas are able to attend. The SLC provides transportation and housing for students who attend the ASSDHH whose families reside in rural areas outside of Anchorage. The SLC program identifies "host families" in Anchorage who will provide a home-like environment to students while they are attending ASSDHH. The ASSDHH determines a child's needs and must refer the child to the program in order for the child to become a member of the SLC family.

**Service Delivery Area:** The Student Life Center is located in Anchorage and serves students from all over Alaska.

### Alzheimer's Disease and Related Disorders - Education and Support Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.05.010 Duties of Department, AS 47.45 Older Alaskans, AS 47.65 Service Programs for Older Alaskans and Other Adults

**Description of Services:** Alzheimer's Disease and Related Disorders (ADRD) Education and Support provides statewide education and support services to people with Alzheimer's Disease and Related Disorders including Vascular Dementia, Parkinson's disease, Pick's disease, Huntington's disease, Lewy Bodies, HIV and alcohol related dementia and others. Services help families and caregivers to maintain the ADRD client at home, forestalling or preventing institutionalization. The scope of work includes education and dissemination of information about ADRD to the general public, healthcare professionals, professional caregivers, agencies and organizations to increase awareness of ADRD and link caregivers and agencies with resources available in their area to continue caring for the individual with ADRD in their home and community.

**Assessment of Need:** People with dementia live an average of eight years and it is estimated that 7 out of 10 people with ADRD live at home. Alzheimer's afflicts 1 in 8 persons over 65 and nearly half of all people over 85, and it is estimated that by 2025 Alaska will have approximately 9000 individuals diagnosed with Alzheimer's Disease.

### Behavioral Risk Management

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.80 Persons with Disabilities

**Description of Services:** As required by AS 47.80.100, the Department must, within the limits of appropriation, implement a comprehensive system of services and facilities dispersed throughout the state. The services required under this statute are specialized and directed towards addressing minimal habilitation and crises needs of people with developmental disabilities (DD) who display high risk behaviors. This program addresses the severe statewide shortage of qualified direct care staff and professionals with critical expertise necessary to deliver services to people with DD.

**Assessment of Need:** Statewide services are targeted for individuals with developmental disabilities who display high risk or inappropriate behaviors and are at risk of institutionalization in corrections facilities, as well as individuals who, because of their disability, are more vulnerable to abuse. Training or support provided by this program must be accessible to direct service staff, school paraprofessionals, family members of people with disabilities, and other interested students in their home communities.

### Centers for Independent Living

**Granting Authority:** 7AAC 78 - Grant Programs, Title VII, Chapter I, Part B of the Rehabilitation Act, as Amended by the Workforce Innovation and Opportunity Act (WIOA) of 2014; Alaska's State Plan on Independent Living (SPIL), Section 704 of the Rehabilitation Act, as amended, 29 U.S.C 796c(c). 34 CFR 364.1-364.57 and 34 CFR 365.1-365.32.

**Description of Services:** Centers for Independent Living (CIL) are community based, cross-disability, non-profit organizations that are designed and operated by people with disabilities. Independent Living Centers provide five core services: 1) Individual systems advocacy, 2) Information and Referral, 3) Peer counseling (including cross-disability peer counseling), 4) Independent living skills training, and 5) Transition Services.

**Assessment of Need:** Centers for Independent Living provide expertise and assist individuals to live independently through the use of assistive technology, benefits counseling, job skill training, transportation, home and work accommodations, and other modifications. Alaska's four CILs helped 3675 individuals in FY2014.

**Service Delivery Area:** There are 4 designated Centers for Independent Living providing services throughout the state.

### Community Developmental Disabilities

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.80 - Persons with Disabilities

**Description of Services:** This program provides services to enhance the quality of life for consumers impacted by developmental disabilities. Services address the needs of individuals with developmental disabilities that assist them in living as independently as possible in their homes and communities. Services are provided by community providers who have expertise and training in developmental disabilities and may include Case Management, Supportive Employment, Day Habilitation, Respite, Supportive Living or other services as determined in the recipient's plan of care.

**Assessment of Need:** Under AS 47.80.100, the department provides people with developmental disabilities specialized services directed toward their social, personal, physical, or economical habilitation. Applying a national prevalence factor (1.8%) for the occurrence of developmental disability to the Alaskan population, it is estimated that there are 12,000 to 13,000 Alaskans with developmental disabilities. Only about 2,837 people receive services funded by a Community Developmental Disabilities grant or Medicaid waiver. Currently, there is a registration of 565 people awaiting selection for a Medicaid waiver or who do not meet the criteria for Medicaid waivers and are in need of various Community Developmental Disabilities direct services.

## Senior and Disabilities Services

### Deaf Navigator

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.05.010 (17) Duties of the Department and AS 47.65 Service Programs for Older Alaskans and Other Adults

**Description of Services:** The Deaf Navigator Program will provide a range of resources and services designed to improve long-term employment and housing outcomes to Alaskans who are deaf or hard of hearing. The program will provide assistance navigating and accessing available resources, coordinate siloed service systems for individuals with multiple disabilities, provide training to employers and service providers on deaf culture values, coordinate with the Division of Vocational Rehabilitation to maximize employment supports, and assist individuals who are deaf and hard of hearing in accessing and maintaining appropriate and affordable housing. The Deaf Navigator Program will coordinate with the Denali Deaf Council and other community programs to promote independence and advocate for the needs of individuals who are deaf and hard of hearing throughout the state.

**Assessment of Need:** Rates of homelessness, unemployment and incarceration of individuals who are deaf and hard of hearing have increased over the last 6 years due to the elimination of the Anchorage Deaf and Hard of Hearing Center. Deaf individuals report increasing difficulty accessing available resources, finding and maintaining employment and housing due to lack of understanding of complex systems and communication barriers. Assistance with communication and coordinated service system supports can help ensure positive long term outcomes.

**Service Delivery Area:** Statewide

### Early Intervention/ Infant Learning Program

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.20.060-AS 47.20.290 (Special Services for Certain Children), 7AAC 023 (Programs for Handicapped Children) ; 34 CFR Part 303 (Early Intervention Program for Infants & Toddlers with Disabilities)

**Description of Services:** The purpose of this grant program is to provide early intervention services to families of infants and toddlers (birth to third birthday) with disabilities and/or developmental delays to ensure improved outcomes and the development of natural supports for children and their families. Service delivery performance and program standards comply with the requirements of Part C of IDEA (the Federal Individuals with Disabilities Education Act). The Early Intervention/Infant Learning Program (EI/ILP) grantees will provide family-centered, home-based services that include developmental evaluation/assessments, service coordination, development of Individualized Family Service Plans (IFSP), and educational and/or therapeutic services as determined by the EI/ILP team. Service providers typically include two or more individuals from the following disciplines: Occupational Therapist, Physical Therapist, Speech Language Pathologists, Early Childhood Special Educators, and other disciplines based on the individual child and family needs. The program uses a secured web-based data system to monitor and evaluate progress on child outcome measures and compliance measures including timeliness of evaluations, initiation of services and timely planning for transition to other services at age three. Cost data are collected and analyzed on a quarterly basis to ensure appropriate distribution and utilization of resources.

**Assessment of Need:** IDEA requires that comprehensive early intervention services be available to eligible infants and toddlers and their families in all areas of the state. Approximately 2300 infants and toddlers are referred to the Infant Learning Program for services annually.

**Service Delivery Area:** The EI/ILP program designates 19 service areas within Alaska.

**RBB Framework:** Department Priorities

## Senior and Disabilities Services

### Health Promotion and Disease Prevention

**Granting Authority:** 7AAC 78 - Grant Programs, Title III Older Americans Act (OAA); AS 47.05.010 (16) and (17) Duties of the Department of Health and Social Services; AS 47.65 Service Programs for Older Alaskans and Other Adults

**Description of Services:** Provision of evidence-based health promotion, disease prevention (HP/DP) programs to older Alaskans, aimed at reducing the risk of disease, disability and injury.

**Assessment of Need:** The goal of HP/DP, funded through Administration On Aging Title III-D, is to improve health and wellbeing of older Alaskan populations and to reduce costs of acute and long term care. Alaska has an increasing population of adults aged 60 and older. Most older adults have at least one chronic condition and many have multiple conditions. Adults over age 60 are increasingly likely to fall, which can result in loss of independence and entry into institutional care. Prevention activities, including self-management of chronic conditions, falls prevention, physical activity, and medication education have been proven to improve emotional and physical health, wellbeing, and to sustain ability to carry out activities of daily living and instrumental activities of daily living, so the person is able to remain at home.

### National Family Caregiver Support

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.05.010 (16) and (17) Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults; Title III of the Older Americans Act.

**Description of Services:** The National Family Caregiver Support Program (NFCSP) provides support to unpaid caregivers of individuals age 60 or older, persons with Alzheimer's disease or related disorders (regardless of age); and grandparents (age 55 or older) raising children no older than age 18. Caregiver support services include information about available services, assistance to caregivers in gaining access to the services, individual counseling, organization of support groups and caregiving training, and respite care and supplemental services on a limited basis.

**Assessment of Need:** Family Caregivers provide over \$450 billion per year in unpaid long term care services. The value of family caregivers will likely continue to be the largest source of long-term care services in the US as the aging population 65+ increases. Providing support to family caregivers may increase the length of time caregivers are able to care for their loved one at home.

### Nutrition, Transportation and Support Services

**Granting Authority:** 7AAC 78 - Grant Programs, Title III Older Americans Act (OAA); AS 47.05.010 (16) and (17) Duties of the DHSS; AS 47.65 Service Programs for Older Alaskans and Other Adult.

**Description of Services:** Services include - Congregate and Home Delivered Meals; Assisted and Unassisted Transportation; Homemaker, Outreach, Information and Assistance, Legal, Media (provides partial funding for the Senior Voice), and community services (Senior Companion, Foster Grandparent/Elder Mentor, and Retired Senior Volunteer), per the current Alaska State Plan for Senior Services.

A Provider Agreement is associated with this program to reimburse NTS grantees a small amount per meal in addition to enhance the nutrient quality of meals served under Title III.

**Assessment of Need:** Applicants for grants identify the target population as individuals with the greatest economic and social need with particular attention to older persons whose income falls below the guideline, live alone, are minorities, live in rural areas, and are frail as defined in Title III.

**Service Delivery Area:** Applicants may propose to serve one or more of the nine regions established by the Alaska Department of Health & Social Services, or provide statewide services.

## Senior and Disabilities Services

### Protection and Advocacy

**Granting Authority:** 7AAC 78 - Grant Programs, Public Law 106-402 Americans with Disabilities Act; AS 47.80 Persons with Disabilities

**Description of Services:** The Protection of Rights & Investigation of Abuse Program provides people with developmental disabilities (DD) and their families training and assistance in methods to resolve grievances they may have with providers of community developmental disability services. Services funded by the program range from information and referral, negotiation and mediation, various interventions in line with administrative recourse and, as a last resort, legal consultation and remedies. Under the Federal DD Act, the state must have a system of protection and advocacy that has the capacity to provide administrative and legal remedies to civil rights concerns for people with developmental disabilities. The program exists to assist eligible individuals, sometimes through their families and guardians, to engage in their own advocacy. In collaboration with the Division of Senior and Disabilities Services, this grant has been used to emphasize training to recipients in such areas as special education, social security and the Americans with Disabilities Act.

**Assessment of Need:** In 1975, the US Congress mandated the creation of Protection and Advocacy agencies in every state. This designation gives the grantee agency unique authority under Federal law to enforce both state and federal laws concerning the rights and benefits for individuals with disabilities. Further, the agency must be independent of any service-providing agencies.

## Senior and Disabilities Services

### Senior In-Home Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.05.010 (17) Duties of the Department; AS 47.65 Service Programs for Older Alaskans and Other Adults.

**Description of Services:** Senior In-Home (SIH) Services provide case management and in-home services to eligible seniors who do not qualify for Medicaid Waiver services and need assistance with activities of daily living. The goal of the program is to support Alaskan seniors so that they may remain in their homes and communities for as long as possible thereby forestalling or eliminating more costly institutional care. Services include Case Management, Chore, Respite, Extended Respite and Supplemental Services (up to \$500 per household per year for items or services that support the “low-income” senior in avoiding a crisis that would jeopardize their ability to remain independently in their home).

**Assessment of Need:** These services offer a safety net for low income seniors who do not meet the level of care for the HCB Medicaid Waiver program especially those with Alzheimer’s Disease and related disorders. By providing case management and in-home assistance, the SIH program is able to extend the time an individual can live independently in their own home and communities, reducing need for costly institutional care. This continues to be very important as Alaska’s senior population is now the fastest growing per capita in the U.S.

## Senior and Disabilities Services

### Senior Residential Services

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.65 Service Programs for Older Alaskans; AS 47.33 and 7 AAC 75 Assisted Living Homes

**Description of Services:** This program provides supported residential living to frail elders who do not have access to Pioneer Homes or other Long Term Care facilities in their community or region. Residents receive individual support in a residential setting for assistance with Activities of Daily Living; personal care, and Instrumental Activities of Daily Living; and meal preparation. Services also provide support to elders living in the community or region who may stay short term until their overall health improves and they can return home.

**Assessment of Need:** These services are needed for seniors 60 and over who are unable to live alone but who can maintain themselves in a supervised setting with minimal assistance. This allows frail elders in rural areas to continue living in or near their home communities and avoid the need to leave their families, culture and familiar surroundings for institutionalization in large urban settings.

**Service Delivery Area:** Dillingham, Galena, and Tanana.

## Senior and Disabilities Services

### Short-Term Assistance and Referral

**Granting Authority:** 7AAC 78 - Grant Programs, AS 47.80 Persons with Disabilities

**Description of Services:** The Short-Term Assistance and Referral (STAR) Program provides information and assists individuals who experience developmental disabilities (DD) and their families with accessing information about existing services, as needed. The STAR program serves as the entry point for families into a state-funded developmental disability service system and provides assistance, as needed, in identifying the needs of the individual, completing DD and Medicaid applications, and referral to other applicable community-based and natural supports.

**Assessment of Need:** The STAR Program is designed as a safety net to assist eligible individuals and their families with accessing community based supports in a timely manner.

## Senior and Disabilities Services

### Traumatic and Acquired Brain Injury

**Granting Authority:** 7AAC 78 - Grant Programs, 7 AAC 78 Grant Programs, and AS 47.80.500 Statewide Traumatic or Acquired Brain Injury Program.

**Description of Services:** In an effort to coordinate services and prevent duplication, SDS will combine its Traumatic and Acquired Brain Injury (TABI) service components under one comprehensive TABI Grant Program. The TABI Grant Program, administered by the Division of Senior and Disabilities Services, currently includes Case Management and Mini-Grant services and will expand to include Resource Navigation and Tribal Liaison services to increase access and improve outcomes for eligible individuals. Case management supports individuals living with brain injury to utilize a comprehensive array of services including medical, rehabilitative, social, educational, vocational, in-home and other needed services to improve quality of life and maintain independence. TABI Mini-Grants are intended to quickly respond to the needs of individuals to access services not covered by Medicaid, including medical, dental, behavioral training, and to purchase adaptive equipment and other items to implement compensatory strategies for cognitive disabilities. Resource Navigation provides brain-injury-specific information, referral, contact assistance, and follow up services to individuals who experience traumatic and acquired brain injury and their family members, including working with hospital discharge planners to connect patients with service providers upon discharge. The Navigator will serve the entire state of Alaska by maintaining an up-to-date database of services and providers located around the state and by connecting people affected by brain injury with available resources. Tribal Liaison services will link Alaska Natives to services both in Anchorage and in home communities, and will connect providers in outlying communities to TABI-specific trainings to build capacity for addressing TABI needs in rural settings. The Tribal Liaison will work with Alaska Native Medical Center staff on improving discharge planning, especially to rural communities, as well as improving the availability of training for providers in those communities.

**Assessment of Need:** The DHSS Trauma Registry reports that approximately 2,500 new TBI survivors, 640 whom are seriously injured, join an estimated 10,000 to 12,000 Alaskans currently living with brain injury every year. While the all-Alaska TABI rate is 90 per 100,000 people, the occurrence rate for Alaska Natives is 174 per 100,000, and in Northwest Alaska, the TABI rate is 4.5 times that of all-Alaska. Most people with TABI leaving acute care settings are discharged to home, where they piece together the limited supports available. Individuals who have experienced a brain injury have difficulty gaining access to health care providers who are trained in helping people with TABI. Resource Navigation, Case Management, Mini-Grant and Tribal Health Liaison services provide a direct link between individuals with TABI and professionals and paraprofessionals who provide assistance so they can maintain independence in their homes and communities.

**Service Delivery Area:** Case Management services are provided in Fairbanks and Anchorage. Additional funding in FY15 will be used to expand case management in rural areas, primarily into the Northwest Alaska region. All other TABI programs, including Resource Navigator and Tribal Liaison and TABI Mini-Grants serve persons statewide.
