The Governor's Council on Disabilities and Special Education (Council) is seeking public comment and input on the "Amended Five-Year State Plan". The mission of the Council is to create change that improves the lives of Alaskans with disabilities. Each year the Council reviews its annual goals and objectives and revises them according to what goals, objectives and activities have been accomplished to date, and which ones need more work, or need to be revised based on current events and advice from the Council's subcommittees. The "Amended Five-Year State Plan" is a synthesis of that work. This is the opportunity for the general public to provide input on our goals, objectives and activities. The public has 45 days to comment on all or any aspect of this plan. A copy of the plan has been uploaded to the State of Alaska Public Notice system, or it can be reviewed on our website: <http://dhss.alaska.gov/gcdse/> or you may request a copy directly from the Council office.

Comments can be provided via the State's Public notice system, or sent directly to the Council by August 10 at 11 pm. If you have questions about the public comment process or need any assistance please contact Patrick Reinhart. Please send comments attention to:
