 3. Knowing Who You Are Training – (KYWA) is a project designed to positively impact well-being outcomes for youth through the integration of learning experiences that provide social workers with awareness, knowledge, skills, tools and resources to engage and support youth in developing a healthy racial and ethnic identity. *KWYA* consists of three tools, a video, web based e-learning, and a two day training.
 4. **NEW OCS Confidentiality Policy and You Send It** When sending private information between State employees, it is allowable to use regular email, but when sending it to a *grantee, partner, or other non-state email account* we need to use YouSendIt. There are a couple of exceptions, which are detailed in the FAQ. To answer the most common questions we've received regarding YouSendIt, we've put together a informational web site:
<http://www.internal.hss.state.ak.us/ITS/yousendit.htm>
On that site is a link to the YouSendIt FAQ, which we are keeping up to date:
