## About the data in this report

This report summarizes statistics for children who were in Alaska's Office of Children's Services (OCS) Out of Home (OOH) removals during all or part of each period being reported.

Removal for OOH placement is the last option considered when reasonable efforts to protect a child in his or her own home have been exhausted by OCS. The first preference considered in all out-of-home placements for a child or youth is a relative's home. When it is not possible to place a child with a relative it is necessary to place the child in a licensed foster home. Residential care facilities may offer short-term emergency shelter as well as more long-term residential treatment.

"Unique count" indicates that each child (or case, for case counts) is counted only once per reported category. However, some out of home individuals may have moved between regions during the reporting period. Therefore, regional demographic counts may not add to statewide Alaska totals.

Children removed on the first day of reporting period are included in counts for OOH on the first day of the period. Children discharged on the last day of reporting period are included in counts and demographics for OOH on the last day of the period. Therefore, last day counts will not equal the sum of first day counts plus removals and minus discharges during the period.

Child age is calculated based on discharge date if the child was discharged during the reporting period, otherwise child age calculation is based on the end of the reporting period.

Native Status is determined by reported race of either Alaskan Native or Native American.

To protect the privacy of individuals in low-count groups, regional breakouts are not included for monthly reports and for some yearly summary tables.

Subsequent reports covering the same reporting periods will contain updated statistics.

## OCS Out of Home Web Report Field Definitions

**Adoption** – Transfer of the legal relation of parent to a person not related to the child by birth, with the same mutual rights and obligations that existed between the child and his or her birth parents.

**Case** - A household unit included in one or more Initial Assessment.

**Day** - For purposes of Foster Care a day is midnight to midnight. This report counts a child as Out of Home on the day of Removal but not on the day of Discharge. Therefore, children discharged on the first day of the reporting period will not be included in counts for the start of that reporting period.

**Discharge** - The point in time when a child is no longer in Out of Home Care.

**Guardianship** - A person outside of the child's household fulfills some of the responsibilities of a legal parent while the courts or birthparents may continue to hold other legal responsibilities for the child. Guardianship is subject to ongoing supervision by the court and ends by court order or when the child reaches the age of majority. Guardianship may be used as an alternative to Adoption in some kinship care situations in which a child's relative is assuming a parental role but prefers not to adopt. Guardians may be entitled to the same benefits as Foster or Adoptive parents.

**Native Child** - Any mention of Alaska Native or American Indian race.

**Office of Children's Services (OCS)** - A division of Alaska's Department of Health and Social Services.

**ORCA** - Online Resources for the Children of Alaska, OCS's main database.

**Out-of-Home Placement (OOH or OOHP) / Removal:** Placing the child in the physical care of someone other than the child's Caregiver. Removal may include situations in which the child is living in the same residence as the Caregiver, but the Caregiver's ability to exercise physical care and control of the child. Only includes children who remained out of home for at least one night.

**Placement** - The physical setting in which a child resides after Removal; that is, the resultant Foster Care setting. A new Placement setting results when the Foster Care setting changes, for example, when a child moves from one Foster family home to another or to a Group Home or Institution.

**Region, as used in this Out of Home report** - One of areas of five Alaska, based on the office of the primary OCS worker responsible for the Case at Discharge or, if not Discharged during the period, at the end of the reporting period.

**Removal** - The physical act of a child being taken from his or her normal place of residence, by court order or a voluntary placement agreement, and placed in a substitute care setting, or the removal of Custody from the parent or relative Guardian pursuant to a court order or voluntary placement agreement which permits the child to remain in a substitute care setting.

**Reporting Period** – Complete month or calendar year, as specified in the report. Owing to Unique Counts, data reported on a monthly basis will not necessarily sum to annual figures.

**Unique Count** – An unduplicated count within the Reporting Period; that is, each person, ID, or combination of person or ID with other factors is counted only once regardless of the number of times represented within the reported group during the reporting period. For example, a child out of home in two regions during a reporting period will be counted once for each region where region is being reported, but only once where count for all of Alaska is being reported. Therefore total of all regions may not equal statewide count.

### Discharge Reasons:

- **Adoption** - Termination of all legal relationships between the adopted person and the natural parents and other relatives of the adopted person, so that the adopted person thereafter is a stranger to the former relatives for all purposes; to create the relationship of parent and child between petitioner and the adopted person, as if the adopted person were a legitimate blood descendant of the petitioner, for all purposes.
- **Child Aged Out** – Child between 18-21 exited OCS custody based on their age. Child may enter an independent living arrangement. .
- **Custody Released to Relative** - Legal responsibility for care and maintenance of a child has been transferred to a relative of the child.
- **Death of Child** – The child has died, not necessarily as a result of maltreatment.
- **Guardianship** - A legal arrangement where a person or institution is appointed as a guardian to make decisions for an incapacitated person - decisions about housing, medical care, legal issues, and services.
- **Reunification** - Discharge from Out of Home Placement to reunite child and family.
- **THV Expired - Custody Retained** – A trial home visit exceeded six months or a time period ordered by a court. If a trial home visit exceeds this time limit, or if a child is placed at home and custody lapses and the child is placed in out-of-home care again, it is considered a second removal from home,
- **Transfer to another Agency** – Transfer of child Legal responsibility for care and maintenance of a child to a tribe or other non-OCS entity.
- **Transfer to DJJ** – Transfer of Legal responsibility for care and maintenance of a child to Alaska's Department of Juvenile Justice, an agency is in the same Department as OCS. DJJ has a different database of record, but OCS is responsible for paying Foster Care for these children.
- **Tribe Assumed Jurisdiction** - Legal responsibility for care and maintenance of a child was transferred to a Native tribe.

### Placement Settings:

- **Foster Home** - An OCS approved home in which an adult head of the household provides 24-hour care on a continuing basis to one or more children who are apart from their principal Caregiver. The adult may be a Relative or Non-Relative. Non-relative Foster Homes must be licensed by OCS.
- **Group Home** - A home that cares for more than three, but no more than eight, children unrelated to the Foster parent.
- **Institution** - A child care facility operated by a public or private agency and providing 24-hour care and/or treatment for children who require separation from their own homes and group living experience. These facilities may include: child care institutions, residential treatment facilities, maternity homes, nursing homes, hospitals, etc.
- **Missing Documentation** – A placement was ended but insufficient information was entered into ORCA to determine subsequent placement setting.
- **Pending Discharge** - Foster Care placement has ended for reasons such as Adoption, Guardianship, Aging-Out, Emancipation, Death of Child, or other reason to release State legal responsibility for care and maintenance of a child, but Discharge paperwork had not been completed at the end of the Reporting Period.
- **Pre-Adoptive** - A home in which a child is placed with a family with the understanding that the family plans to adopt the child.
- **Runaway** – A child who left the Provider he/she was placed with, whose whereabouts are either currently unknown or who is staying in an unapproved setting, and for whom the State retains legal responsibility for care and maintenance of a child.
- **Supervised Independent Living** – A type of voluntary extended Foster Care placement where young adults can live on their own, while still getting casework and support services to help them become independent and self-sufficient.
- **Trial Home Visit (THV)** – The child has been in a Foster Care placement, but, under continuing OCS supervision, is returned to the child's principal Caregiver for a limited period of time. If the THV is successful legal responsibility for care and maintenance of a child may be returned to the principal Caregiver.
