

**Public Education Committee
Meeting Minutes
March 22, 2010**

Attendees:

Gail Stolz Clint Farr Janice Gray Russ Stevens
Linda Shepard Jayne Andreen Miriam Lemke Martha Pearson
Colleen McNulty

Know Your Numbers / Health Tracker Card

- *Australia Example:* Card +community , partnering with rotary club, expanded in pharmacy; they have a whole kit for every community; they set up a permanent year round station

Result: people are much more aware of their numbers; card is just 5% of the project

- We will have 2 cards:
 - 1) Long term card for taking home, contains repeated patient information on front and medication on back side
 - 2) Health Event Card serves as a teaching tool because it contains education information on the backside. The front side will show multiple columns

- October is Know-Your-Numbers month

Next Meeting:

Thursday, May 13th 2010
