MUSIC APPRECIATION

Residents get to review different music genre weekly— Classical, Opera, Bluegrass, Jazz, Country, Hip Hop , Rhythm and Blues, etc. It is an open discussion of their intake on different generations of music. Residents also get to understand of the value and merit of different styles of music. The roundtable give opportunities to share and even critic each style of music and name their favorite composers. Finally, Residents get to identify what kind of instruments are played and what makes it different and unique. Thanks to IPad and youtube and bluetooth, we can easily play their favorite composers.

Betty reads out loud from the IPAD the meaning of Bluegrass music as others listened.
