

FY2022 COVID-19 Quarterly Reporting

The Division of Behavioral Health is requiring agencies to report quarterly on the impacts of COVID to your DBH grant funded program. This information is used for the following:

- To establish documentation on any changes to the grant funded program because of COVID.
- To record approval from the grant program manager for changes to your grant funded program because of COVID.
- To inform the Division of challenges and needs related to COVID so that Division staff can identify resources to support the provider community.

Date:

Agency:

Grant Number:

Quarter (check one):

July 1- Sept 30 Oct 1-Dec 31 Jan 1-March 31 April 1-June 30

For the time of the quarter reported on, please answer the following and indicate non applicable if necessary.

1. Please describe the impacts the COVID-19 has had on your DBH grant funded program.

2. Please describe any substantial program changes pre-approved by DBH because of COVID.

3. If applicable, please describe any use of funds, including total dollar amount spent for activities not approved in the original budget submission.

4. What is the current capacity for your program (examples include # of beds in residential, housing program, spaces available in outpatient, employment, or training program)?

5. How, if at all, has COVID impacted your capacity?

6. Please tell us about the innovative solutions your agency has achieved to overcome challenges and if there are any challenges that your agency continues to experience.

Please submit a line-item budget revision as necessary to reflect the changes your program may have experienced because of COVID (i.e. reduction in bed availability, staffing, travel, etc.).
