CSFP Policy Memo
2020-01

Kathleen Wayne, CSFP Program Manager
May 5, 2020

CSFP Grantees,

Alaska is amending the current CSFP State Plan for the duration of COVID-19 to discontinue the state's "no show" policy to remove a senior from the program who does not pick up their box for 2 months.

The State will inform you when to restart this policy. At that time participants not picking up boxes for two consecutive months will be considered a "no show" and they can be removed from the program if the state doesn't hear back from the participant within 15 days from the date of the notice.

Please let me know if you have any questions on this temporary hold to the "no-show" policy.
Thank you.
