

## Vaccine Eligibility- Pediatric and Adult INFLUENZA 2022-2023

**The Alaska Immunization Program is waiving eligibility limitations for adults for INFLUENZA vaccine. All adults and all pediatric patients are eligible for state-supplied INFLUENZA regardless of insurance status. All other state-supplied adult vaccines must still meet eligibility requirements.**

State-supplied INFLUENZA vaccines:

Manufacturer	NDC	Brand	Description	Age
Sanofi Pasteur	49281-0637-15	Fluzone	Quad 5.0mL 10 dose vial	6 mos +
Sanofi Pasteur	49281-0122-65	Fluzone HD	Quad 0.7mL single dose syringe, 10 pack	65 yrs +
GSK	58160-0890-52	Fluarix	Quad 0.5mL single dose syringe, 10 pack	6 mos +
AstraZeneca	66019-0309-10	FluMist	Quad 0.2mL single dose sprayer, 10 pack	2-49 yrs
Seqirus	33332-0422-10	Afluria	Quad 0.5mL 10 dose vial	6 mos +
Seqirus	70461-0322-03	Flucelvax	Quad 0.5mL single dose syringe, 10 pack	6 mos +
Seqirus	70461-0122-03	Fluad	Quad 0.5mL single dose syringe, 10 pack	65 yrs +

**Eligibility MUST still be tracked for dose-level accountability. Adult patients who meet an “Ineligible” category must be marked as that eligibility but then can receive the state-supplied INFLUENZA vaccine.**

When administering INFLUENZA vaccines to adult 19+ yrs old patients, use the eligibility chart below. Follow the normal pediatric eligibility when administering influenza vaccines to pediatric 0-18 yrs old patients.

VacTrAK Eligibility Category	Adult Insurance Status	HL7 Eligibility Mapping Code	HL7 Funding Source Code	Administration Fee Bill To	Vaccine Administration Fee Cap	Vaccine Cost Bill To
State Vaccine	Insured by private insurance participating in AVAP	V07	VXC 50 Public or VXC 52 Public Non-VFC	Insurance	Determined by insurance	Do not bill (state-supplied)
	Uninsured at a health care provider who opts in for their uninsured adult population			Patient	Determined by provider	Do not bill (state-supplied)
Ineligible (but can still receive state-supplied INFLUENZA vaccine)	Uninsured at a health care provider who does NOT opt in for their uninsured adult population	V01	PHC 70 Private	Patient	Determined by provider	Do not bill (state-supplied)
	Medicaid/ Medicare/ Underinsured/ AlaskaCare Retirees Plan/ VA			Medicare/ Medicare/ Patient/ VA	Determined by payer	Do not bill (state-supplied)

*Providers are required to screen patients for vaccine eligibility at each immunization visit to ensure accountability. Complete vaccine administration and eligibility data must be reported in VacTrAK within 14 days per Alaska Administrative Code 7 AAC 27.650(a). If private vaccine stock is used, the correct eligibility category is always “Ineligible (V01);” no further screening is required.*
