

## Where to go for childhood and adolescent immunizations

Children in Alaska may receive vaccines at no cost to them from medical providers enrolled to receive vaccine through the Alaska Immunization Program.

While medical providers are not permitted to charge for the cost of vaccines they receive through the Alaska Immunization Program, they may charge for vaccine they privately purchase and may bill for visit or office fees. (For information regarding vaccine and vaccine administration fees, see this <u>chart</u>.)

Parents/guardians seeking immunization services are encouraged to contact clinics to:

- Ensure vaccine availability and
- Find out if clinics take walk-in patients or if appointments are needed

Local Public Health Centers, Tribal Health Clinics & the providers listed below receive vaccines through the Alaska Immunization Program:
