The Department will list if the annual report is a full annual report or a reduced annual report.

The August 1, 2022 list was determined by using claims data for dates of services July 1, 2020 through June 30, 2021, which represents the most recent state fiscal year for which timely filing has passed. Target providers are determined by the Medicaid units of service that was paid during the applicable time period. For each service category, the lessor of the top five providers in terms of units of service or the number of providers it takes to achieve 90% of all Medicaid paid units of service are selected.
